The Strand Magazine ,1903 *Social Problems in a Free Society* Myles J. Kelleher, 2004-09-02 The future of the sociologist s profession is jeopardized by an ongoing trend toward the politicization of sociology and the radicalization of social problems This book calls for the rethinking of the culture of social political and economic liberty to create a resurgence of a sociological agenda Social Problems in a Free Society offers an original perspective on social problems such as violations of the principles of individual rights and the free market This book is a vision for reinvigorating the discipline in a fashion undreamt of within the wearisome strains of today s radical social problems theory

Unwinnable Theo Farrell, 2017-09-07 Afghanistan was an unwinnable war As British and American troops withdraw discover this definitive account that explains why It could have been a very different story British forces could have successfully withdrawn from Afghanistan in 2002 having done the job they set out to do to defeat al Qaeda Instead in the years that followed Britain paid a devastating price for their presence in Helmand province So why did Britain enter and remain in an ill fated war Why did it fail so dramatically and was this expedition doomed from the beginning Drawing on unprecedented access to military reports government documents and senior individuals Professor Theo Farrell provides an extraordinary work of scholarship He explains the origins of the war details the campaigns over the subsequent years and examines the West s failure to understand the dynamics of local conflict and learn the lessons of history that ultimately led to devastating costs and repercussions still relevant today The best book so far on Britain s war in Afghanistan International Affairs Masterful irrefutable Farrell records all these military encounters with the irresistible pace of a novelist Sunday Times

The Strand Magazine Sir George Newnes, 1903 **Air Force Magazine** ,2004 *Parliamentary Papers* Great Britain. Parliament. House of Commons, 1870 **Reports from Commissioners** Great Britain. Parliament.

House of Commons,1871 **Military History Supremo** Joan Beaumont,Garth Pratten,2025-06-12 Professor Emeritus David Horner AM FASSA is one of Australia s greatest military historians and its fifth official historian of war and military operations Few who undertake research in the field can do so without consulting his prodigious authoritative and definitive publications Serving for 25 years in the Australian Army before joining The Australian National University Horner is the epitome of the soldier scholar and has played a key role in establishing military history as an academic discipline in Australia This volume honours Horner s long career of service to history and the nation Authors pay tribute to Horner s legacy by engaging with his scholarship applying his conclusions to new case studies and contexts reflecting and expanding on the subjects he addressed and the methodologies he employed and pushing the boundaries of the discipline he was instrumental in founding The breadth of Horner s research is demonstrated by the subjects and themes they address including strategic planning and policy command multinational operations intelligence and defence policy *Military History Supremo* both underscores Horner s contribution to Australia s military and intelligence history and highlights the vibrancy and relevance of the field today *Afghanistan's Violent Decades* Stanley B. Sprague,2024-10-24 This book examines the key political and military events in Afghanistan from 1978 to August 2021 It covers the Afghan Soviet war and how that war was followed by an Afghan Civil War that made the country receptive to the rise of the Afghan Taliban It explains how the Taliban secured control of Afghanistan s government and permitted Osama bin Laden to reside in the country while he secretly planned an attack on the American mainland It also covers why Osama bin Laden s al Qaeda terrorists on September 11 2001 flew hijacked airliners into New York City s World Trade Center and the Pentagon It describes how American and NATO forces responded by invading Afghanistan to destroy al Qaeda and to overthrow the Taliban government The 20 year Afghan NATO war which followed would lead to American troops suffering 2 488 dead and 20 722 wounded This book is one of the first to cover this long war written after the war ended in August 2021 giving it a new perspective It offers an even handed coverage of the war based on Taliban American and British sources *A Treatise on Northern Ireland, Volume II* Brendan O'Leary,2019-04-17 This landmark synthesis of political science and historical institutionalism is a detailed study of antagonistic ethnic majoritarianism Northern Ireland was coercively created through a contested partition in 1920 Subsequently Great Britain compelled Sinn F in s leaders to rescind the declaration of an Irish Republic remain within the British Empire and grant the Belfast Parliament the right to secede If it did so a commission would consider modifying the new border The outcome however was the formation of two insecure regimes North and South both of which experienced civil war while the boundary commission was subverted In the North a control system organized the new majority behind a dominant party that won all elections to the Belfast parliament until its abolition in 1972 The Ulster Unionist Party successfully disorganized Northern nationalists and Catholics Bolstered by the Specials a militia created from the Ulster Volunteer Force this system displayed a pathological version of the Westminster model of democracy which may reproduce

one party dominance and enforce national ethnic religious and cultural discrimination How the Unionist elite improvised this control regime and why it collapsed under the impact of a civil rights movement in the 1960s take center stage in this second volume of A Treatise on Northern Ireland The North s trajectory is paired and compared with the Irish Free State s incremental decolonization and restoration of a Republic Irish state building however took place at the expense of the limited prospect of persuading Ulster Protestants that Irish reunification was in their interests or consistent with their identities Northern Ireland was placed under British direct rule in 1972 while counter insurgency practices applied elsewhere in its diminishing empire were deployed from 1969 with disastrous consequences On January 1 1973 however the UK and Ireland joined the then European Economic Community Many hoped that would help end conflict in and over Northern Ireland Such hopes were premature Northern Ireland appeared locked in a stalemate of political violence punctuated by failed political initiatives

The Road to War in Iraq: Comparative Foreign Policy Analysis Chris Featherstone, 2025-04-09 This book combines three Foreign Policy Analysis FPA models to explain both how and why the US and UK decided to invade Iraq in 2003 These three FPA models each examine a different but closely related aspect of the individual level of decision making Firstly Groupthink examines how pathologies of small group decision making affected the processes in the US and UK decision to invade Iraq Secondly the Leadership Style framework examines how the individual leader's style of exercising their leadership affected the navigation of the decision making process Thirdly analogical reasoning examines how decision makers frame their actions both in their own decision making and in how they present their decision to the wider public By achieving these objectives *The Road to War* contributes to the field of FPA and to our understanding of how the decision to invade Iraq was taken The comparative use of these FPA models within a single framework means that this book responds to the calls for multifactorial research within FPA proposing and testing a framework that provides more complex answers through adopting a multifactorial framework These more nuanced complex answers then reveal more about the role of the individuals involved in the decision to invade Iraq and how their cognition affected the process that led to the decision to invade

Rhetoric on Terrorism under Bush, Obama and Trump Gabriel Rubin, 2020-03-21 Through the analysis of eighteen years of presidential data this book shows how Presidents Bush Obama and Trump have conducted and framed the war on terror since its inception in 2001 Examining all presidential speeches about terrorism from George W Bush s two terms as President Barack Obama s two terms as President and Donald Trump s first year as President this book is the first to compare the three post 9 11 presidents in how they have dealt with the terror threat Presidential Rhetoric on Terrorism under Bush Obama and Trump argues that when policies need to be sold to the public and Congress presidents make their pertinent issues seem urgent through frequent speech making and threat inflation It further illustrates how after policies are sold a new President s reticence may signify quiet acceptance of the old regime s approach After examining the conduct of the war on terror to date it concludes by posing policy suggestions for the future
