White Trash Cooking Spiral Bound Ernest Matthew Mickler:

All Y'all Heidi Siegrist, 2024-11-11 The South is often perceived as a haunted place in its region's literature one that is strange deviant or queer The peculiar often sexually charged literary worlds of contemporary writers like Fannie Flagg Monique Truong and Randall Kenan speak to this connection between queerness and the South Heidi Siegrist explores the boundaries of negotiating place and sexuality by using the concept of Southernness a purposefully fluid idea of the South that extends beyond simple geography eschewing familiar ideas of the Southern canon When the connection between queerness and Southernness becomes apparent Siegrist shows a Southern branded queer deviance can not only change the way we think about literature but can also change Southern queer people's lived experiences Siegrist gathers a bevy of undertheorized writers from Kenan and Truong to Dorothy Allison and even George R R Martin showing that there are many queer Souths Siegrist offers these multiverses as a way to appreciate a place that is often unfriendly even deadly to queer people But as Siegrist argues none of these Souths from the terrestrial to the imaginary would be what they are without the influence and power of queer literature

What Is Queer Food? John Birdsall, 2025-06-03 A celebrated culinary writer's expansive audacious excavation of the roots of modern queer identity and food culture The food on our plates has long been designed twisted and elevated by queer hands Piecing together a dazzling mosaic of queer lives spaces and meals beloved food writer John Birdsall unfolds the complex story of how through times of fear and persecution queer people used food to express joy and build community and ended up changing the shape of the table for everyone Tracing the evolution of queer food from the early decades of the twentieth century through the LGBTQ civil rights movement of post Stonewall liberation and the devastation of AIDS Birdsall fills the gaps between past and present He channels the twin forces of criticism and cultural history to propel readers into the kitchens restaurants swirling party houses and buzzing interior lives of James Baldwin Alice B Toklas Truman Capote Esther Eng and others who left an indelible mark on the culinary world from the margins Queer food as Birdsall brilliantly reveals is quiche and Champagne eleganza at Sunday brunch and joyous lesbian potlucks in the bunker world of Cold War homophobic purges It's paper chicken for the gender rebel divas of Chinese opera in San Francisco Richard Olney's ecstatic *salade composée* and Rainbow Ice Box Cake from Ernest Matthew Mickler's *White Trash Cooking* It's the intention surrounding a meal the circumstances behind it the people gathered around the table With cinematic verve and delicious prose *What Is Queer Food* is a monumental work a testament to food's essential link to modern queerness that reveals how like fashion or pop music cooking and eating have become a crucial language of LGBTQ identity By reframing our understanding of both food and queerness it opens the door for courageous reckoning and boundless conversation

Unpalatable Carrie Helms Tippen, 2025-01-15 The cookbook genre is highly conventional with an orientation toward celebration and success From glossy photographs to heartwarming stories and adjective rich ingredient lists the cookbook tradition primes readers for pleasure Yet the overarching narrative of the region is often one of pain loss privation exploitation poverty and suffering of various kinds While some cookbook writers go to great lengths to avoid reminding readers of this painful past others invoke that pain as a marker of southern authenticity Still others use stories of southern suffering as an opportunity to make space for reconciliation reparation or apology for past wrongs In *Unpalatable Stories of Pain and Pleasure in Southern Cookbooks* author Carrie Helms Tippen attempts to understand the unique rhetorical situation of the southern cookbook as it negotiates a tension between the expectations of the genre and the prevailing metanarratives of the southern experience one focused on pleasure and the other rooted in pain Through an analysis of commercially published southern cookbooks from the 1990s to the present Tippen examines the range of rhetorical purposes and strategies writers have employed some of which undermine the reality of a painful past and cause harm or violence and others which serve as tools for truth and reconciliation
