computational fluids group github pages - Nov 24 2022

web welcome to the webpage of the computational fluids group in the department of aerospace engineering at auburn university our research is broadly in the area of theoretical and computational fluid mechanics some topics of current research include numerical methods for high fidelity turbulent flow simulations in complex domains

professor in aerospace engineering launches fourth edition of - Aug 22 2022

web aug 25 2021 viscous fluid flow teaches students the basic foundations of advanced fluid mechanics it is vital to a variety of engineering disciplines including the fields of aerospace mechanical ocean chemical civil biomedical industrial and biosystems

mechanical engineering ms phd auburn university - May 31 2023

web mechanical engineering ms mechanical engineering phd the mechanical engineering department offers graduate programs of instruction and research leading to the degrees of master of science thesis and non thesis options and doctor of philosophy

fluid mechanics - Jun 19 2022

web research in this group consists of fundamental fluid mechanics drag reduction and control this group has a long pedigree in experimental and computational fluid mechanics with world leading expertise in a wide range of areas including turbulent boundary layers flow control for skin friction reduction

department of mechanical engineering auburn university - Jul 01 2023

web department of mechanical engineering mechanical engineers focus on the design and operation of machinery and the prediction of machine behavior in industries such as transportation power generation energy conversion environmental control materials processing and materials materials engineers focus on problems associated with the

aerothermodynamics and fluid mechanics university of texas - May 19 2022

web aerothermodynamics and fluid mechanics this area involves research in hypersonics aerodynamics turbulence plasma science and engineering mixing combustion and gas dynamics in space science research is presently being conducted in nonequilibrium and rarefied gas flows turbulence and turbulence control shock boundary layer interactions

ph d aerospace engineering auburn university samuel ginn - Dec 26 2022

web why this degree graduate study in aerospace engineering features a meaningful research project in areas such as aerodynamics computational fluid dynamics control theory flight dynamics orbital mechanics propulsion structures or structural dynamics under the guidance and supervision of a senior faculty member you are eligible to apply if

aerospace engineering ms phd auburn university - Oct 24 2022
