Edwards,2024-04-28 In this book Dr Robert Edwards brings a fresh mathematical perspective to the Voynich manuscript and sets out a strategy whereby the interested reader could extract meaning from the seemingly impenetrable symbols if meaning is there to be found The Voynich manuscript has been described as the most mysterious document in the world In 1637 a Bohemian scholar sent a mysterious manuscript to the celebrated professor Athanasius Kircher in Rome Kircher promised to decipher it when the mood took him He never did Later antiquarian bookseller Wilfrid Voynich claimed that he had discovered it in 1912 in a castle in Europe Contains hundreds of bizarre illustrations that seem to represent plants stars animals zodiac signs strange receptacles and naked women in pools and streams of green water Throughout its over 200 pages are strings of glyphs or symbols that look like words but the symbols do not belong to any known living or extinct languages No one knows what these symbols mean or even whether they mean anything though hundreds of scholars have tried to decipher them for 500 years Today all that we know for sure is that the parchment probably dates from the early 15th century Newgrange Speaks for Itself Jacqueline Ingalls Garnett,2005 Firmly grounded in the structure and engravings of Newgrange this book offers several revolutionary insights into both its science and its religious faith Forty carved motifs are explained as emblems of site features which the builders provided to ensure an afterlife for the dead including the nine carved rungs in the passage the leak that delivered water to the chamber bowl and slab the two round sockets in the rim of the bowl the stone marbles found in the chamber and the starry outviews originally possible through the chamber vault The author argues that some of Michael O Kelly's discoveries suggest Newgrange may have been retooled when precession displaced the targets of those outviews The book explores the builders' competent astronomical and mathematical skills and shows how these were combined with an afterlife faith capable of engaging both mind and spirit A radical analysis of five related motifs exposes unexpectedly sophisticated characteristics of the Newgrangemen's mode of

expression The rich cluster of afterlife agencies identifiable at Newgrange unique as a fingerprint can also be recognized in certain myths fairytales religious traditions and superstitious observances Mrs Garnett shows how these resources may shed light on the heretofore almost completely unknown afterlife faith and practice of these stone age people Alan Oken's Complete Astrology Alan Oken,2006-01-01 From the utmost basics of the sun signs and planets to a more comprehensive guide for building and interpreting an astrological chart this book is all you need to get started in astrology Oken introduces and reinforces the basics while providing food for thought with different paths the more advanced practitioner may take Extensively illustrated Alan Oken s Complete Astrology includes exercises workbook sections background material appendices a bibliography and an index **Karahan Tepe** Andrew Collins,2024-10-08 Examines the intricate carvings chambers and structures revealing the site s acoustical properties shamanic symbolism and astronomical alignments Reveals how Karahan Tepe was used by shamans to connect with the Milky Way s Galactic bulge in its role as the head of the cosmic serpent Explains how the site s builders who created the world s first post ice age civilization are remembered in myth and legend as the Watchers and Nephilim of Jewish religious tradition and as the Anunnaki gods of Sumerian mythology Considered the most important archaeological discovery of the 21st century Karahan Tepe is an enormous complex of stone structures in southeastern Turkey covering an estimated ten acres Built more than 11 000 years ago Karahan Tepe contains some of the oldest monumental architecture anywhere on Earth including human and animal statues ubiquitous snake carvings T shaped pillars and interconnecting underground enclosures with stone columns carved directly from the bedrock Chronicling his explorations of Karahan Tepe Andrew Collins presents the first in depth investigation of the discoveries at the site who built it its astronomical alignments and its cosmological connections He examines the intricate carvings and architectural features including a newly discovered statue of a giant human figure Explaining how the site functioned as a shamanic oracle center Collins shows how its rock cut structures were used to connect with the Milky Way s Galactic Bulge and stars of Scorpius in their role as the head and active spirit of a perceived cosmic serpent He traces this serpent motif throughout history identifying it with the biblical serpent of Eden the kundalini of Vedic tradition and the black snake of the Yezidis He demonstrates how the belief in the existence of the Milky Way serpent among the inhabitants of Karahan Tepe went on to influence the foundation of the Gnostic Ophite mysteries suppressed by the Christian Church He also shows how the founders of Karahan Tepe were recalled in Hebrew myth and legend as the Watchers and Nephilim and in Sumerian and Babylonian mythology as the Anunnaki Sharing a wealth of evidence Collins confirms that Karahan Tepe and its sister site of G bekli Tepe belonged to the world s first post Ice Age civilization which today bears the enigmatic name of Ta Tepeler *Starlore of the Constellations* Geoffrey Cornelius,2024-12-03 IMMERSE YOURSELF IN THE STORIES OF THE SKY Discover the mysteries of celestial mythology with this comprehensive introduction to the constellations and the stars that comprise them This fascinating practical guide unveils the myths legends and symbolic significance that the stars have
