

1968 Starcraft Starmaster 6

New wardrobe takes trips lying down.

Starcraft camping trailers are outselling many old-time camper makers after just four years. Reason: better value. The Starmaster 6, for instance, has a specially designed wardrobe that lies down when you travel. No need to unpack or repack.

Professionally decorated interiors

are richly paneled. Instead of exposed metal construction. Washable, cushioned vinyl floor covering goes from wall to wall for easy cleaning.

Sidewalls are four layered, not plain metal. Strong. Insulated. Quiet.

The telescoping lifter system

is so good, it's patented. A youngster can put up the roof in less than a minute.

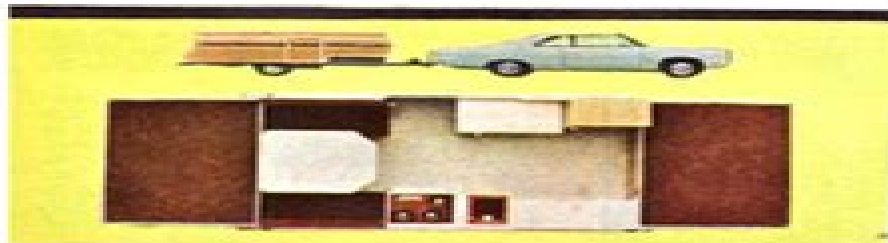

You could go on and on . . . and we hope you will—in a Starcraft.

Blizzard Entertainment's StarCraft saga has captivated millions of players worldwide since its release in 1998. A genre-defying military strategy and sci-fi adventure, StarCraft has enthralled gamers with its immersive gameplay and thrilling storyline chronicling the battle between the scrappy Terrans, the mystifying Protoss, and the terrifying Zerg Swarm. The StarCraft II Field Manual draws on more than a decade's worth of lore to create an all-encompassing collector's item for fans. Presented as an official Dominion Marine Corps issued combat handbook that has been misplaced by its owner, the book pairs stunning original illustrations and propaganda posters with an engaging narrative that showcases the vital statistics, origins, and history of each unit, vehicle, and building. From an analysis of Zerg infestation to the Dominion's tactical recommendations for what to do upon encountering a colossus. Run the StarCraft II Field Manual covers everything a grunt in the embattled Koprulu sector needs to know. Copyright 2015 Blizzard Entertainment Inc. All rights reserved. StarCraft: Why we fight ,2008. Why we fight. Each of the three races in StarCraft—Terran, Protoss, and Zerg—is closely examined in this profoundly moving introduction to the StarCraft universe. As the combatants' facades are stripped away, the motivations that drive their war for survival are guaranteed to shock and awe. Thundergod, a Thor driver's ego and greed, lead him to recruit two partners for a nearly impossible heist in the middle of a Mar Sara war zone. But this treasure of a lifetime comes at a very high cost. Weapon of War. A psionic six-year-old boy is at the center of a brutal conflict between a Terran mining colony and the Zerg. As tensions escalate, the Marines and Miners are faced with an impossible choice: Do they save the boy and forfeit their own lives? Or do they use the child against their merciless attackers? Heavy armor, part 1. Filled with breathtaking dogfights and rousing mecha action, this psychological thrill ride pits a young Viking pilot against his former mentor, and the lives of an entire colony hang in the balance. Will youthful confidence and determination triumph, or will years of battle-hardened experience spell the doom of them all?
