Mason,2009-10-01 This is a non fiction true story that I tell about some good and some bad parts of my lifetime experiences You should find the good things to be enjoyable reading and become intrigued by the documented lengthy bad encounter with the court system after I retired What was happening was unbelievable It s about my four year encounter with the California Judicial System over a minor traffic infraction without a lawyer You should be shocked to learn what can and does happen in court The courts applied a double standard that negated the rule of law for equal rights I spent hundreds of dollars fighting for equal justice and the price of the book is well worth it Now the same can happened to anyone at any time thus you can be on the alert by my true story encounters **California. Court of Appeal (4th Appellate District). Division 2. Records and Briefs** California (State)., **For All the People, by All the People** United States Commission on Civil Rights,1969 Judicial Politics in Polarized Times Thomas M. Keck,2014-12-03 In this era of polarized politics three stories about judges have emerged When describing their own work judges often say that they are neutral legal umpires When describing opposing judges partisan political actors regularly denounce them for undermining democratic values and imposing their own preferences Scholars have long told a third story in which judges are political actors who spend more time conforming to rather than challenging the democratic will Drawing on a sweeping survey of litigation regarding abortion affirmative action gay rights and gun rights during the Clinton Bush and Obama eras Keck argues that each of these stories captures part of the significance of courts in polarized times but that each standing alone is more misleading than helpful In polarized America advocates on both the left and the right engage in litigation more or less constantly to achieve their ends But Keck shows neither side has consistently won or consistently lost Instead judges have responded to this unending litigation at different times and in different ways as umpires as activist tyrants and as followers of whoever won the last election For example federal courts are indeed polarized on partisan lines

but across all four issues this polarization is less extreme on the courts than it is in Congress As for the undemocratic judge story here too Keck's findings are hardly black and white While some decisions can be characterized as thwarting the popular will there are just as many in which the judges and the public seem to be pushing in the same direction Ultimately Keck concludes that the time to fear courts is not when they start protecting rights but when they start protecting only or mostly those rights favored by Republicans or by Democrats Keck's rigorous analysis of these judicial controversies is sure to engender interest both inside and outside the academy and be hailed as a landmark study of judicial review **Report**
