Star Wars Galaxies Quest Guide:

What Is Your Quest? Anastasia Salter, 2014-11-01 What Is Your Quest examines the future of electronic literature in a world where tablets and e readers are becoming as common as printed books and where fans are blurring the distinction between reader and author The construction of new ways of storytelling is already underway it is happening on the edges of the mainstream gaming industry and in the spaces between media on the foundations set by classic games Along these margins convergent storytelling allows for playful reading and reading becomes a strategy of play One of the earliest models for this new way of telling stories was the adventure game the kind of game centered on quests in which the characters must overcome obstacles and puzzles After they fell out of fashion in the 1990s fans made strenuous efforts to keep them alive and to create new games in the genre Such activities highlight both the convergence of game and story and the collapsing distinction between reader and author Continually defying the forces of obsolescence fans return abandoned games to a playable state and treat stories as ever evolving narratives Similarly players of massive multiplayer games become co creators of the game experience building characters and creating social networks that recombine a reading and gaming community The interactions between storytellers and readers between programmers and creators and among fans turned world builders are essential to the development of innovative ways of telling stories And at the same time that fan activities foster the convergence of digital gaming and storytelling new and increasingly accessible tools and models for interactive narrative empower a broadening range of storytellers It is precisely this interactivity among a range of users surrounding these new platforms that is radically reshaping both e books and games and those who read and play with them [Star Wars Encyclopedia](#) Dan Brooks, Megan Crouse, Amy Richau, Amy Ratcliffe, Brandon Wainerdi, Dan Zehr, Kelly Knox, Ryder Windham, Tricia Barr, Cole Horton, Adam Bray, Daniel Wallace, 2024-11-19 Containing more than 2 200 entries from the most current Star Wars film and TV series discover the vital facts about iconic characters creatures locations vehicles and technology from a galaxy far far away This definitive title reveals comprehensive histories of 1 200 characters from icons like Lando Calrissian and Leia Organa to lesser known individuals like Max Rebo and Therm Scissorpunch From terrifying rancors to adorable porgs learn about more than 100 fascinating creatures Chart your way through the galaxy with more than 275 entries on locations including Darth Vader s castle on Mustafar and the mystical World Between Worlds Pick your method of transport from more than 275 vehicles from the legendary Millennium Falcon to the stylish Naboo N 1 starfighter Get up to speed with the latest technology including the Mandalorian s beskar armor Luke Skywalker s lightsaber and more than 275 other pieces of equipment Produced in close collaboration with Lucasfilm this official title is the most comprehensive reference book on the Star Wars galaxy on the market Meticulously researched expertly written and stunningly illustrated The Star Wars Encyclopedia is an indispensable guide to that devoted fans and newcomers alike will return to time and again TM 2024 LUCASFILM LTD **Star Wars Galaxies** ,2003 Live the Saga Covers all species careers

I'd Just as Soon Kiss a Wookiee Greg Carter, 2025-06-03 How the Star Wars trilogies and their fandoms have engaged with and mirrored American beliefs about race and gender The Star Wars saga takes place in a galaxy far far away but its social structures in particular its racial realities are thoroughly American So argues Greg Carter in this thought provoking analysis which blends historical and theoretical treatments of science fiction cinema and Star Wars fandom to explore the subtle mirroring between fantasy and the communities that create and consume it I'd Just as Soon Kiss a Wookiee draws on insights from prominent scholars to examine fictional relationships between groups perceived to be biologically different Three areas of commonality between the United States and Star Wars arise stiff regulation of racial mixture racialized servitude with nonhumans placed in positions of bondage and the presumption of white male supremacy None of these are functions of the of the Star Wars story rather they index the expectations of US society But expectations have also shifted since Star Wars launched in 1977 and the franchise with it Carter gauges minority and mainstream fan reactions finding that while science fiction enthusiasts have a reputation for progressiveness the truth turns out to be as complicated as US racism itself
