 Fausboll,2021-01-01 It is well known that amongst the Buddhist Scriptures there is one book in which a large number of old stories fables and fairy tales lie enshrined in an edifying commentary and have thus been preserved for the study and amusement of later times How this came about is not at present quite certain The belief of orthodox Buddhists on the subject is this The Buddha as occasion arose was accustomed throughout his long career to explain and comment on the events happening around him by telling of similar events that had occurred in his own previous births The experience not of one lifetime only but of many lives was always present to his mind and it was this experience he so often used to point a moral or adorn a tale *Matter and Making in Early English Poetry* Taylor Cowdery,2023-06-29 What is literature made from During the fourteenth fifteenth and sixteenth centuries this question preoccupied the English court poets who often claimed that their poems were not original creations but adaptations of pre-existing materials Their word for these materials was matter while the term they used to describe their labor was making or the act of reworking this matter into a new but not entirely new form By tracing these ideas through the work of six major early poets this book offers a revisionist literary history of late medieval and early modern court poetry It reconstructs premodern theories of making and contrasts them with more modern theories of literary labor such as authorship It studies the textual historical and philosophical sources that the court tradition used for its matter Most of all it demonstrates that the early English court poets drew attention to their source materials as a literary tactic one that stressed the process by which a poem had been made **Literature and Life ...** Edwin Almiron Greenlaw,1927 *The Five Hurdles to Happiness* Mitch Abblett,2020-07-14 A practical approach to becoming aware of the five hindrances the negative qualities that inhibit living the awakened life and to breaking free of them in order to live more mindfully effectively compassionately Five obstacles stand in between you and true happiness What are they and how can you overcome them Buddhist traditions teach that there are five negative qualities or hindrances that inhibit people from living an awakened life Here Mitch Abblett gives this teaching a modern secular interpretation and helps you identify the hurdles that are blocking your contentment desire hostility sluggishness worry and doubt and how you can take your first steps to overcoming them Combining traditional wisdom with contemporary psychology and using examples from his psychotherapy practice Abblett uses the hurdles as a frame for engaging you in a process of contemplating your own life and learning to lean into your experience rather than merely repeating bad habits By doing this you can break free from the hurdles and live more mindfully effectively and compassionately **The fifty-first (-136th) annual report of the Religious tract society** Religious tract society,1880 **Intertextuality in the English Translations of San Guo Yan Yi** Wenqing Peng,2021-08-29 San Guo Yan Yi is one of the best known classic Chinese novels in the English speaking world The earliest English translation came out in 1820 while a range of further translations have been produced over the past two hundred years How do the different versions relate to each other This volume examines the intertextual relations between

the English translations of San Guo Yan Yi Intertextuality refers to the interdependence of texts in relation to one another Focusing on the perspectives of impact quotation parallels and transformation the author compares a range of the translated versions including two full length translations and over twenty excerpted renderings and partial adaptations since the 1820s She discovers that excerpted translations are selected to fit the translators own narrations and are adapted to many genres such as poetry drama fairytales and textbooks Moreover the original text translated texts and other related English works are interconnected in one large network for which intertextuality offers an ideal basis for research Students and scholars of Chinese literature and translation studies will benefit from this book A Descriptive List of Novels and Tales Dealing with
