A Moral Life In Christ Textbook Sophia Institute for Teachers, **Ethics**,1897 **Virtue and the Moral Life** William Werpehowski,Kathryn Getek Soltis,2014-07-22 The scope of interest and reflection on virtue and the virtues is as wide and deep as the questions we can ask about what makes a moral agent s life decent or noble or holy rather than cruel or base or sinful or about the conditions of human character and circumstance that make for good relations between family members friends workers fellow citizens and strangers and the sorts of conditions that do not Clearly these questions will inevitably be directed to more finely grained features of everyday life in particular contexts Virtue and the Moral Life Theological and Philosophical Perspectives takes up these questions In its ten timely and original chapters it considers the specific importance of virtue ethics its public significance for shaping a society s common good the value of civic integrity warfare and returning soldiers sense of enlarged moral responsibility the care for and agency of children in contemporary secular consumer society and other questions involving moral failure humility and forgiveness

The Moral Life: an Introductory Reader in Ethics and Literature, 2nd Ed Louis P. & Lewis Vaughn Pojman,2011

Friendship and the Moral Life Paul J. Wadell,1989 Friendship and the Moral Life is not simply a theoretical argument about how moral theology might be done if it took friendship more seriously Rather the book exhibits how without friendship our lives are morally not worth living The book begins with a consideration of why a new model of the moral life is needed Wadell then examines the ethics of Aristotle who viewed the moral life as based on a specific understanding of the purpose of being human with friendship being an important factor in enabling people to acquire virtues necessary for achieving this purpose Through the thought of Augustine Aelred of Reivaulx and Karl Barth the question is raised whether friendship is at odds with Christian love or whether their relation depends on one s narrative account of friendship Thomas Aquinas understanding of charity as friendship with God is examined to clarify this relationship By locating friendship within the story of God s redemption through Christ Wadell helps us see why friendship properly understood is integral to the Christian life and not at odds with it Such a friendship draws us to love all others who seek God and teaches us not to restrict our concern

to a special few in preferential love The book closes by investigating how friendship as a model for the moral life might work in everyday life Ethics an Investigation of the Facts and Laws of the Moral Life. Vol. 1, Introduction ,1897 *Virtue and the Moral Life* William Werpehowski,Kathryn Getek Soltis,2014-07-22 The scope of interest and reflection on virtue and the virtues is as wide and deep as the questions we can ask about what makes a moral agent s life decent or noble or holy rather than cruel or base or sinful or about the conditions of human character and circumstance that make for good relations between family members friends workers fellow citizens and strangers and the sorts of conditions that do not Clearly these questions will inevitably be directed to more finely grained features of everyday life in particular contexts Virtue and the Moral Life Theological and Philosophical Perspectives takes up these questions In its ten timely and original chapters it considers the specific importance of virtue ethics its public significance for shaping a society s common good the value of civic integrity warfare and returning soldiers sense of enlarged moral responsibility the care for and agency of children in contemporary secular consumer society and other questions involving moral failure humility and forgiveness The Moral Life Steven Luper,Curtis Brown,1992 Ethics Wilhelm Wundt,1897 Ethics, an Investigation of the Facts and Laws of the Moral Life Wilhelm Max Wundt,2015-06-25 Excerpt from Ethics an Investigation of the Facts and Laws of the Moral Life Vol 1 Wundt s Ethics Vol I Introduction The Facts Of The Moral Life Vol II Ethical Systems Vol III The Principles Of Morality And The Sphere Of Their Validity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Ethics** Wilhelm Max Wundt,2020-06-30 Originally published in 1908 the text upon which this translation is based is that of the first 269 pages of Professor Wundt s Ethik as published in revised form in 1892 It has been the author s object in the work to investigate the problems of ethics in the light of an examination of the facts of moral life including chapters on language and ethical ideas religion and morality and custom and the moral life **The Moral Life** Oliver A.
