Logistics Clusters Yossi Sheffi, 2012-09-14 How logistics clusters can create jobs while providing companies with competitive advantage Why is Memphis home to hundreds of motor carrier terminals and distribution centers Why does the tiny island nation of Singapore handle a fifth of the world's maritime containers and half the world's annual supply of crude oil Which jobs can replace lost manufacturing jobs in advanced economies Some of the answers to these questions are rooted in the phenomenon of logistics clusters geographically concentrated sets of logistics related business activities In this book supply chain management expert Yossi Sheffi explains why Memphis Singapore Chicago Rotterdam Los Angeles and scores of other locations have been successful in developing such clusters while others have not Sheffi outlines the characteristic positive feedback loop of logistics clusters development and what differentiates them from other industrial clusters how logistics clusters add value by generating other industrial activities why firms should locate their distribution and value added activities in logistics clusters and the proper role of government support in the form of investment regulation and trade policy Sheffi also argues for the most important advantage offered by logistics clusters in today's recession plagued economy jobs many of them open to low skilled workers that are concentrated locally and not offshorable These logistics clusters offer what is rare in today's economy authentic success stories For this reason numerous regional and central governments as well as scores of real estate developers are investing in the development of such clusters View a trailer for the book at <http://techtv.mit.edu/videos/22284-logistics-clusters-yossi-sheffi>
