UZ MARKS SUCCESSFUL NATIONAL CHILDREN'S MONTH CELEBRATION

The Universidad de Zamboanga (UZ) through the External Affairs and Institutional Development Centre (EAIDC)—Social Development (SocDev) Unit, in collaboration with the Commission on Human Rights-IX (CHR-9), joins the annual observance of National Children's Month with the theme "Healthy, nourished, sheltered: ensuring the right to life for all."

This is in pursuant to DepEd Order No. 32, Series of 2017: Gender Responsive Basic Education Policy, and by virtue of Republic Act No. 10661, which declares every month of November as "National Children's Month".

A webinar on children and human rights was organized on November 24, 2023, which was attended by 118 UZ students, faculty, and staff from the School of Medicine (SAM), School of Engineering, Information, and Communication Technology (SEICT), School of Liberal Arts and Sciences (SLAS), School of Criminal Justice (SCJ), High School Department (HSD), School of

Education (SED), and UZ Ipil Campus.

Resource speaker Atty. Bensaud O. Degusman, a respected Attorney IV from the Commission on Human Rights-IX (CHR-9), gave an insightful lecture on Basic Human Rights. In his presentation, he explained the fundamental characteristics of human rights and provided some significant insights that are worth noting. He emphasized how crucial it is to understand and incorporate these rights to ensure that children's rights are also protected.

This endeavor aims to contribute with the seventeen Sustainable Development Goals (SDGs) targeting inclusivity and prioritizing the most marginalized and vulnerable groups, notably children. The university is marking this month by raising awareness within the community about the intrinsic value of every human being, with a special focus on children, aiming to eradicate violence and foster a harmonious future. (Anna Mae C. Francisco, External Affairs and Institutional Development Centre)

The University Communications Office accepts articles with photos and text content from contributors who wish to share any inspiring stories in Universidad de Zamboanga.

Catalog of Federal Domestic Assistance ,1969 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs **Judicial**

Review of Competition Law Enforcement in the EU Member States and the UK Maciej Bernatt,Francisco

Marcos,Annalies Outhuijse,2024-09-17 International Competition Law Series 91 Enforcement of competition law often calls for a complex economic and legal assessment and the review of those enforcement decisions usually falls to national courts In this connection however European competition law and legal scholarship have offered scant guidance on how judicial review should and does function This book the first comprehensive systematic and comparative empirical study of judicial review of competition law public enforcement in the EU and the UK provides a thorough understanding of the practical operation of the role of judicial review in competition enforcement A country by country analysis along with a detailed introduction and an incisive comparative summary covers all publicly available judicial review judgments 5 707 in all of final public enforcement actions in relation to Articles 101 and 102 TFEU and relevant national provisions in the twenty seven EU Member States and the UK rendered between 1 May 2004 and 30 April 2021 The data presented draws on a rich database built for the purpose of this study by twenty eight national teams of competition law academics and practitioners For each jurisdiction the analysis focuses on such aspects as the following structure of the national enforcement system number of judgments rendered success rate types of appellants competition rules subject to review grounds of review use of preliminary references appeals involving leniency and or settlements and role of third parties Numerous graphs figures and tables support the presentation In the light it sheds on trends in judicial review of competition law enforcement on a comparative basis and in its data driven assessment of how the decentralised judicial review of EU competition law meets EU integration aims this important study will be of inestimable value to competition lawyers policymakers and academics in developing a confident understanding of precisely how judicial review in this area operates in each of the EU Member States and the UK In addition the book provides a significant contribution not only with respect to EU and national competition laws but also more broadly to comparative administrative law scholarship in Europe Deep Learning for Marine Science Haiyong

Zheng,Mark C. Benfield,Hongsheng Bi ,Xuemin Cheng,2024-05-15 Deep learning DL mainly composed of deep and complex neural networks such as recurrent network and convolutional network is an emerging research branch in the field of artificial intelligence and machine learning DL revolution has a far reaching impact on all scientific disciplines and every corner of our lives With continuing technological advances marine science is entering into the big data era with the exponential growth of information DL is an effective means of harnessing the power of big data Combined with unprecedented data from cameras acoustic recorders satellite remote sensing and large model outputs DL enables scientists to solve complex problems in biology ecosystems climate energy as well as physical and chemical interactions Although DL has made great strides it is still

only beginning to emerge in many fields of marine science especially towards representative applications and best practices for the automatic analysis of marine organisms and marine environments DL in nowadays marine science mainly leverages cutting edge techniques of deep neural networks and massive data which collected by in situ optical or acoustic imaging sensors for underwater applications such as plankton classification and coral reef detection This research topic aims to expand the applications of marine science to cover all aspects of detection classification segmentation localization and density estimation of marine objects organisms and phenomena

Decisions and Orders of the National Labor

Relations Board United States. National Labor Relations Board,2015 **Narodne novine** Croatia,2013 *5 Steps to the Statement of Purpose: A Short Guide to Writing a Personal Statement for Admission to a Us Graduate Program in the Humanities* Arthur William Wright,2019-03-05 The statement of purpose is the most important part of an application to graduate school in the humanities but applicants often struggle to write these documents The SOP as it is often called is particularly difficult for students coming from outside of the United States because they do not understand the idiosyncratic conventions of the US academy This guide provides explanations and concrete examples of the five answers that all statements of purpose must provide trajectory focus accomplishments aims and fit Written by a scholar who has coached applicants to successful admission to programs at the University of Chicago Northwestern University and the University of Southern California among others this guide will offer a window onto what humanities graduate programs in the United States are looking for and what they need to know in order to accept your application
