Valentine's Manual of Old New York, 1922 *Valentine's Manual of the City of New York*, 1922 *A Thematic Catalog of the Works of Robert Valentine* J. Bradford Young, 1994 Many musicians have enjoyed the solo and chamber music of Robert Valentine especially that for flute or recorder but few know anything of this composer's life and other music This volume lists all of Valentine's known works including original works arrangements and fragments In standard thematic catalog procedure the full incipit and original title of each work is provided together with the date of first publication statement of medium or genre key or sequence of keys thorough description of early editions and brief listings of manuscripts modern editions and recordings and a title page transcription Further Young provides a biographical overview derived from the editions musical manuscripts and research currently available The work is a model combination of descriptive and analytic bibliography and biography *Valentine's Manual of Old New York* Henry Collins Brown, 1922 *The Waverley Novels: St. Valentine's day. Anne of Geierstein* Walter Scott, 1859 **Alchemical Mercury** Karen Pinkus, 2009-11-09 How can we account in a rigorous way for alchemy's ubiquity We think of alchemy as the transformation of a base material usually lead into gold but alchemy is a word in wide circulation in everyday life often called upon to fulfill a metaphoric duty as the magical transformation of materials Almost every culture and time has had some form of alchemy This book looks at alchemy not at any one particular instance along the historical timeline not as a practice or theory not as a mode of redemption but as a theoretical problem linked to real gold and real production in the world What emerges as the least common denominator or intensive property of alchemy is ambivalence the impossible and paradoxical coexistence of two incompatible elements Alchemical Mercury moves from antiquity through the golden age of alchemy in the Dutch seventeenth century to conceptual art to alternative fuels stopping to think with writers such as Dante Goethe Hoffmann the Grimm Brothers George Eliot and Marx Eclectic and wide ranging this is the first study to consider alchemy in relation to literary and visual theory in a comprehensive way *The Lutheran World Almanac and Annual Encyclopedia for 1921-*, 1921 **The British Museum Catalogue of Printed Books, 1881-1900** British Museum. Department of Printed Books, 1946 **The Rappers** Searcher after truth, 1854 *Catalogue of Printed Books in the Library of the British Museum* British Museum. Department of Printed Books, 1889 **The Watchman** James A. Maitland, 1855 *The British Library General Catalogue of Printed Books to 1975* British Library, 1986 **The Baptist Memorial and Monthly Chronicle**, 1843 *Old English composers* Alfred Moffat, 1911 **Scott, Chaucer, and Medieval Romance** Jerome Mitchell, 2014-07-15 While the influence of Shakespeare on Sir Walter Scott has long been recognized the importance of medieval literature in shaping his creative imagination has never before been examined in depth Jerome Mitchell's new book fills this significant gap through a wide ranging study of Scott's indebtedness to Chaucer and to medieval romance especially the Middle English romances for story patterns motifs character types style and structure and detail Mitchell establishes more completely and accurately than any previous critic the extent of Scott's

knowledge of medieval literature His examination of Scott's poetry especially the long narrative poems demonstrates their debt to Chaucer and medieval romance The heart of the book is a detailed analysis of the Waverley Novels Scott's debt to medieval literature Mitchell shows was vast profound and elemental it is the single most important source area for the Waverley Novels their warp and woof Moreover it is probably the key to Scott's immense appeal the very dimension which enabled him to cast an everlasting spell on his contemporaries even on such great men as Byron and Goethe and which has charmed generations of readers to the present day This pioneering book based on extensive research in Scotland including Sir Walter Scott's personal library sheds new light on the narrative substance and texture of Scott's poems and novels Both the general reader and the serious student will derive from it a more informed appreciation of Scott's impressive achievement
