The Mauritian Shekel:

The Mauritian Shekel Geneviève Pitot, 2000 In 1940 thousands of Jews were trying to flee Nazi persecution in Europe This is the little known story of a group of 1 600 Jewish refugees who having escaped from Nazi occupied Europe were refused entry into Palestine by the British in 1940 because they were considered illegal immigrants Their deportation after landing in the Promised Land Eretz Israel was unique As a deterrent to others they were deported to Mauritius a remote island in the Indian Ocean They were detained in a Mauritian prison until the end of the war and were deprived of all basic human rights even that of family life This story sheds light on the British government s lack of understanding of the critical problem facing Jewish refugees at that time BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Mauritian Shekel** Geneviève Pitot, 2017 *Internment Refugee Camps* Gabriele Anderl, Linda Erker, Christoph Reinprecht, 2022-11-07 How did and does the fate of refugees unfold in internment camps The contributors to this book facilitate an extensive engagement with the organized state led and forced placement of refugees in the past and present They show the parallels and differences between the practices and types of internment in different countries while considering the specific historical contexts Moreover they highlight the nexus of relationships and agencies which constitute the camps in question as transitory spaces The contributions consist of analyses of local phenomena or case studies as well as comparative engagements from an international and or historical perspective **Colonial Paradigms of Violence** Michelle Gordon, Rachel O'Sullivan, 2022-05-25 European Holocaust Studies EHS publishes key international research results on the murder of the European Jews and its wider contexts In recent years scholars have rediscovered Hannah Arendt s boomerang thesis the coming home of European colonialism as genocide on European soil as well as Raphael Lemkin s work around his definition of genocide and the importance of its colonial dimensions Germany and other European states are increasingly engaging in debates on comparing the Holocaust to other genocides and cases of mass killing memorialization decolonization and attempts to come to terms with the past Vergangenheitsbewältigung **Global Approaches to the Holocaust** Mark Celinscak, **War and Empire in Mauritius and the Indian Ocean** A. Jackson, 2001-08-08 By examining Mauritius and the Indian Ocean this unique synthesis of imperial and naval military history reveals the depths of colonial involvement in the Second World War and the role of colonies in British strategic planning from the eighteenth century In the century of total war the British Empire was fully mobilized The Mauritian home front became regimented troops were recruited for service overseas the Eastern fleet guarded the Indian Ocean and Mauritius became a base for SOE operations and intelligence gathering for Bletchley *Iran and Persianate Culture in the Indian Ocean World* Andrew Peacock, 2025-02-06 The first interdisciplinary study of the history of contact between Iranians and the peoples and polities of the Indian Ocean Most of the historiography of the Iranian world focuses on interactions and migrations between Iran Central Asia and India Nonetheless this Iranian world was also closely connected to the maritime one of the Indian Ocean

While scholarship has drawn attention to diverse elements of these latter interactions ranging from the claims to Shirazi descent of East African communities to Persian elements in Malay literature and Iranian communities of merchants in China such studies have remained largely isolated from one another The consensus of historiography on the Indian Ocean presents it as an Arabic cosmopolis or in earlier times a Sanskrit one The aim of this book is thus to bring together scholars working on disparate aspects of Persianate interactions with the Indian Ocean world from antiquity to modern times to provide a more rounded picture of both the history of the Persianate world broadly conceived and that of the Indian Ocean The book brings together a collection of internationally renowned scholars from a variety of disciplines including archaeology history literature linguistics art history and covers interactions in Iran's political and commercial relations with the Indian Ocean world in history Persian speaking communities in the Indian Ocean world Persianate elements in Indian Ocean languages and literatures Persian texts dealing with the Indian Ocean and connections in material culture

Star and Key Olivier Hein, 2025-03-20 A lively history of an extraordinary island and the people who call it home , *Slavery, Indenture and the Law* Nandini Boodia-Canoo, 2023-01-31 This book addresses historical issues of colonialism and race which influenced the formation of multicultural society in Mauritius During the 19th century Mauritius was Britain's prime sugar producing colony yet unlike the West Indies its history has remained significantly under researched The modern demographic of multi ethnic Mauritius is unusual as in the absence of an indigenous people descendants of colonists slaves and indentured labourers constitute the majority of the island's population today Thus it may be said that the Mauritian nation was assembled during the period in question This work draws on an in depth examination of the two labour systems through which the island came to be populated slavery and indenture In studying the relevant laws four legal events of historical importance within the context of these two labour systems are identified the abolition of the slave trade the abolition of slavery private indentured labour migration and state regulated indenture This book is notable in that it presents a legal analysis of core historical events thus straddling the line between two disciplines and covers both slavery and indentured labour in Mauritian history Mauritius as an originally uninhabited island presents a rare case study for inquiries into colonial legacies multiculturalism and race consciousness The book will be a valuable resource to scholars worldwide in the fields of slavery indenture and the legal apparatus of forced labour
