This volume offers the first critical analysis of mass reading events and the contemporary meanings of reading in the UK, USA, and Canada based on original interviews and surveys with readers and event organizers. The resurgence of book groups has inspired new cultural formations of what the authors call shared reading. They interrogate the enduring attraction of an old technology for readers, community organizers, and government agencies, exploring the social practices inspired by the sharing of books in public spaces and revealing the complex ideological investments made by readers, cultural workers, institutions, and the mass media in the meanings of reading. **The Great Gatsby (Study Guide)**
