### **The Nostradamus Secret Danforth Saga Book 3:**

Shell Game Joseph Badal, 2012-06-01 Shell Game is a financial thriller using the economic environment created by the capital markets meltdown that began in 2007 as the backdrop for a timely dramatic and hair raising tale Joseph Badal weaves an intricate and realistic story about how a family and its business are put into jeopardy through heavy handed arbitrary rules set down by federal banking regulators and by the actions of a sociopath in league with a corrupt bank regulator Like all of Badal s novels Shell Game takes the reader on a roller coaster ride of action and intrigue carried on the shoulders of believable often diabolical characters Although a work of fiction Shell Game through its protagonist Edward Winter provides an understandable explanation of one of the main reasons the U S economy continues to languish It is a commentary on what heavy handed federal regulators are doing to the United States banking community today and as a result the damage they are inflicting on perfectly sound businesses and private investors across the country and on the overall U S economy Shell Game is inspired by actual events that have taken place as a result of poor governmental leadership and oversight greed corruption stupidity and badly conceived regulatory actions You may be inclined to find it hard to believe what happens in this novel to both banks and bank borrowers I encourage you to keep an open mind Shell Game is a work of fiction that supports the old adage You don t need to make this stuff up
