CHAPTER 1

2. WHY DOES PONYBOY LIKE TO GO TO THE MOVIES ALONE?

The Socs follow him, threatening to cut off his hair and harm him in other ways.

4. HOW DOES PONY FEEL BEING FOLLOWED? WHAT DETAILS TELL YOU HOW HE FEELS?

Really scared, wondering if he could make a break for it because he remembered how Johnny looked after he was jumped by the Socs. Sweating but cold, clammy palms, looked for a stick or a pop bottle to bust and use as a weapon; goes wild, screaming for Soda or Darry, biting the hand over his mouth. The greasers come to rescue him.

5. WHAT HAPPENED TO THE PARENTS OF THE NARRATOR?

They were killed in an automobile accident eight months earlier.

6. HOW DOES PONY FEEL ABOUT HIS NAME?

Social Identity and Working Class Support for the Populist Radical Right Eric G. Castater,Kyung Joon Han,2025-02-04 Why are blue collar workers increasingly supporting the populist radical right in Western Europe Previous explanations for this phenomenon suggest that it is the result of their economic and cultural grievances and their general discontent towards the political system Social Identity and Working Class Support for the Populist Radical Right argues that these explanations are unable to account for why the working class despite their deteriorating economic position in recent decades would prefer to vote for a party family that they agree with more on cultural issues the populist radical right than economic issues the populist radical or mainstream left To explain this puzzle the book develops a theory utilizing the literature on social identity It argues and empirically finds that political and economic conditions relatively unfavourable to the working class increase blue collar worker support for the populist radical right in Western Europe by strengthening these workers national identity and thus also the salience they place on cultural issues Castater and Han s analysis suggests that if governing parties desire to reduce support for the populist radical right they should incorporate labour organizations into the welfare state reform process enact economic policies that improve the well being of a broad swath of the working class and reduce the types of economic inequality that most affect blue collar workers **Tourism and Sustainability** Marti Mowforth,2008 *Civic Medicine* J. Cole, Distributive Literacy Consortium, 2006-10-19 The significant increase in the number of working mothers over the last
twenty years has led to widespread worries about the plight of latchkey kids who return from school each day to empty
homes Concerned that unsupervised children might be at greater risk of delinquency schools and communities across the
nation began providing after school activities But many of these programs were hastily devised with little understanding of
what constitutes a quality program that meets children s developmental needs The Fifth Dimension explores and evaluates
one of the country s most successful and innovative after school programs providing insightful and practical lessons about
what works and doesn t work after school The Fifth Dimension program was established in the 1980s as a partnership
between community centers and local colleges to establish an educational after school program With an emphasis on
diversity and computer technology the program incorporates the latest theories about child development and gives college
students the opportunity to apply their textbook understanding of child development to real learning environments The Fifth
Dimension explores the design implementation and evaluation of this thriving program The authors attribute the success of
the Fifth Dimension to several factors First the program offers a balance of intellectually enriching exercises with
development enhancing games Second by engaging undergraduates as active participants in both learning and social
activities the program gives local community organizations a large infusion of high quality help for their educational efforts
Third by rewarding children for their achievements and good behavior with greater flexibility in choosing their own
schedules the Fifth Dimension acts as a powerful enduring motivator The Fifth Dimension program serves as a model for
what an enriching after school program can be The product of years of innovation and careful assessment The Fifth
Dimension is a valuable resource for all who are interested in developing successful community based learning programs

help and advice to overcome these obstacles Informed by over 125 exclusive interviews with members of the transition team
and a wide cast of other stakeholders Brown takes readers deep inside the 2020 presidential transition More than that

Roadblocked is also a gripping history of US presidential transitions over the past half century that compares the transition teams of the last four administrations Biden Harris transition leaders had a massive team with a complex organizational structure and a stated aim to promote coordination encourage teamwork and avoid siloing staff In the end however these aims were foiled by the conditions of the pandemic and steep hierarchies which both reduced collaboration and information sharing and left many feeling isolated Despite substantial changes in the Democratic coalition newly influential groups armed with novel tactics and great shifts in their political agenda the Biden Harris transition did not lead to transformation
