Translation of Thought to Written Text While Composing Michel Fayol,Denis Alamargot,Virginia Wise

Berninger, 2012 Translation of cognitive representations into written language is one of the most important processes in writing. This volume provides a long awaited updated overview of the field. The contributors discuss each of the commonly used research methods for studying translation, theorize about the nature of the cognitive and language representations and cognitive linguistic transformation mechanisms involved in translation during writing, and make the case that translation is a higher order executive function that is fundamental to the writing process. The book also reviews the application of research to practice that is the translation of the research findings in education and the work world for individuals who interact with others using written language to communicate ideas. This volume provides a rich resource for student theorists and empirical researchers in cognitive psychology, linguistics and education, and teachers and clinicians who can use the research in their work.

Communities that Learn, Lead, and Last Giselle O. Martin-Kniep, 2007-12-04 *Communities That Learn, Lead, and Last* offers a fresh and compelling perspective while providing practical guidance for schools and districts on how to develop professional learning communities that serve to instill educational ideals, share wisdom, improve practice, and enhance capacity across the system. Comprised of any combination of teachers, school leaders, staff developers, district personnel, and even students, professional learning communities as described in this book break new ground and challenge the status quo by focusing on the reconciliation of individual and organizational expertise, vision, and needs through a variety of collaborations, activities, and projects ranging from classroom related work to broader issues of policy, leadership, and organizational improvement. Depending on their needs, maturity, purpose, and membership, professional learning communities can be centered on learning, leading, or lasting. Showing how such communities can become the means for improving teaching and learning, as well as promote and sustain educational innovations, the book maps out the community building essentials, providing guidance, tools, and carefully crafted rubrics.
