Higher Education Pathways Paul Ashwin,M. Case,2018-12-13 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues *Recent Development in Energy Conversion Systems* Sunday Olayinka Oyedepo,Fidelis Ibiang Abam,Olusegun David Samuel,Oluseyi Olanrewaju Ajayi,Abimbola Patricia Popoola,Diana-Andra Borca-Tasciuc,2024-03-15 In this industrial and technological age energy plays a principal role in sustainable development

This is connected to issues regarding availability production processes utilization and environmental impact Due to the increased rate of population growth the energy demand in the entire world is getting to the level that it may not be sustained in the nearest future if drastic action is not taken to address the situation especially from research and development perspectives None of the millennium development goals MDGs can be completed without considerable improvements in the quality and quantity of energy services in developing countries according to the United Nations Development Programme UNDP Based on this fact UNDP is making efforts especially in developing countries to ensure that people have access to sustainable sources of clean reliable and affordable energy since every aspect of human development is highly impacted by this vital resource

The Governance of Transitions - The Transitions of Governance Martijn van der Steen,Johan Burger,Werner Burger,2018-12-18 Why is societal transition not simply a matter of change management or normal policy design South Africa is living proof of the ability of a society to reinvent and reinstall itself With the advent of new societal challenges came the need for real societal innovation especially in sectors where it was never deemed necessary or possible before This book asks What type of governance is helpful for developing new societal institutions and systems that can overcome systemic crises in emerging economies and fragile communities What emerges is a compilation of chapters that introduce different parts of a solution which can be used in developing both a growing body of practices of governed societal transitions and the associated transition of governance The Governance of Transitions The Transitions of Governance in part aims to provide building blocks which government and society could use to develop strategies for creating sustainable outcomes It considers what kind of leadership organisation or methods for accountability enable new types of governance and what the most important barriers are
