List of Key Terms

- **Abstract reasoning** – the ability analyze information and think creatively to develop and manipulate a model or representation a problem, object or an idea.
- **Barrier to entry** - factors that make it difficult for a new business to begin operating in an industry.
- **Categorical imperative** – the principle that one should behave only in a way that one would want the behavior to be a universal law; i.e. we should act in a way that we would like other people to follow.
- **Competitive strategy** – the strategy by which an organization tries to attract customers, makes profits, and differentiates itself from its industry competitors.
- **Experimentation** – the ability to develop new business alternatives or ideas and test those alternatives, consistent with available resources.
- **Five forces model** – a model developed by Michael Porter that is used to assess an industry structure. The model identifies five competitive forces that determine profitability: threat of substitutes, threat of new entrants, existing rivals, bargaining power of suppliers, and bargaining power of customers.
