The Future of Legal Europe: Will We Trust in It? Gavin Barrett, Jean-Philippe Rageade, Diana Wallis, Heinz Weil, 2021-05-12 With this Liber Amicorum around 50 contributors from the legal and judicial professions from academia and from politics pay tribute to Dr Wolfgang Heusel the Director of the Academy of European Law ERA in Trier from 2000 to 2020 The contributions provide a thorough analysis of some of the most relevant legal and political challenges faced by the European Union including in the fields of data protection rules artificial intelligence the rule of law human rights protection institutional reform of the EU and changes in the legal and judicial professions The book is primarily aimed at postgraduate students legal practitioners and scholars interested in EU legal matters *Beyond Foucault* Anne Brunon-Ernst, 2016-04-15 In his hugely influential book *Discipline and Punish* Foucault used the example of Jeremy Bentham's Panopticon prison as a means of representing the transition from the early modern monarchy to the late modern capitalist state In the former power is visibly exerted for instance by the destruction of the body of the criminal while in the latter power becomes invisible and focuses on the mind of the subject in order to identify marginalize and treat those who are regarded as incapable of participating in or unwilling to submit to the disciplines of production The Panopticon links the worlds of Bentham and Foucault scholars yet they are often at cross purposes with Bentham scholars lamenting the ways in which Foucault is perceived to have misunderstood panopticon and Foucauldians apparently unaware of the complexities of Bentham's thought This book combines an appreciation of Bentham's broader project with an engagement of Foucault's insights on economic government to go beyond the received reading of panopticism as a dark disciplinary technology of power Scholars here offer new ways of understanding the Panopticon projects through a wide variety of topics including Bentham's plural Panopticons and their elaboration of schemes of panoptic Utopia the inverted Panopticon panoptic governance political panopticism and legal panopticism French studies on the Panopticon are groundbreaking and this book brings this research to an English speaking audience for the first time It is essential reading not only for those studying Bentham and Foucault but also those with an interest in intellectual history of the eighteenth and nineteenth centuries and those studying contemporary surveillance and society *Congo Mission News*, 1912 **Annales parlementaires de Belgique** Belgique Sénat, 1852
