The German Episcopacy and the Implementation of the Decrees of the Fourth Lateran Council, 1216-1245 Paul B Pixton, 2021-12-06 This volume deals with efforts by the German episcopacy to implement the reform decrees issued by Pope Innocent III at the Fourth Lateran Council in November 1215 within the six ecclesiastical provinces of Bremen Cologne Magdeburg Mainz Salzburg and Trier over three decades its primary focus is upon the use of provincial and diocesan synods episcopal visitations and general chapters for the regular clergy to the end that evils may be uprooted virtues implanted mistakes corrected morals reformed heresies extirpated the faith strengthened and salutary decrees enacted for the higher and lower clergy It examines the methods and the personalities involved the relationships between the ecclesiastical leadership of Germany and the Roman Curia and it assesses the impact of these efforts at a most opportune and critical point in the history of the medieval Church **The Making and Remaking of Australasia** Tony Ballantyne, 2022-11-03 This book explores the emergence of Australasia as a way of thinking about the culture and geography of this region Although it is frequently understood to apply only to Australia and New Zealand the concept has a longer and more complicated history Australasia emerged in the mid 18th century in both French and British writing as European empires extended their reach into Asia and the Pacific and initially held strong links to the Asian continent The book shows that interpretations and understandings of Australasia shifted away from Asia in light of British imperial interests in the 19th century and the concept was adapted by varying political agendas and cultural visions in order to reach into the Pacific or towards Antarctica The Making and Remaking of Australasia offers a number of rich case studies which highlight how the idea itself was adapted and moulded by people and texts both in the southern hemisphere and the imperial metropole where a range of competing actors articulated divergent visions of this part of the British Empire An important contribution to the cultural history of the British Empire Australia New Zealand and Pacific Studies this collection shows how Australasia has had multiple often contrasting meanings KilRoy David L.
