

THE 1978 RABBIT.

It's just a wonderful car. True, we had a big advantage: we started with a wonderful car and made it even better. Over a million people all over the world have been impressed enough to buy them. What's so impressive? Easy. If you trade up to a Rabbit from a Mercedes-Benz 280S,* believe it or not

you'll get better acceleration. If you trade up to a Rabbit from a Cadillac Seville, you'll get more trunk space. And there are 30 cars you can trade up to a Rabbit for more people space. The Rabbit is so roomy, there was even room for improvement. The '78 Rabbits look better than ever. Handsome metallic colors. Touches of chrome here and there

to make them even snappier. The biggest news of all for '78 can't be seen. And barely heard. We've refined the Rabbit's fuel-injected engine to make it quieter and more efficient. All in all, we are very proud. Once we were famous for making a car that looked ridiculous. Now we make one that makes the others look ridiculous.
