recycling a coffee cup or purchasing green consumer items can offset our destructive habits No need to make any fundamental structural changes The trick is simply for the consumer to buy the right things and shop our way to a greener future It s time for a reality check Ecopiety offers an absorbing examination of the intersections of environmental sensibilities contemporary expressions of piety and devotion and American popular culture Ranging from portrayals of environmental sin and virtue such as the eco pious depiction of Christian Grey in Fifty Shades of Grey to the green capitalism found in the world of mobile device carbon sin tracking software applications to the socially conscious vegetarian vampires in True Blood the volume illuminates the work pop culture performs as both a mirror and an engine for the greening of American spiritual and ethical commitments Taylor makes the case that it is not through a framework of grim duty or obligation but through one of play and delight that we may move environmental ideals into substantive action *Two Summers* Robert Ackerson,2022 Explores the Mercedes Benz W 196 R s historic roots development and races Also its triumphs struggles and disappointments as well as the spirited challenges from Maserati Ferrari Gordini and Lancia Accompanying the text are hundreds of photos sourced from the legendary Daimler Archives **The Autocar** ,1975 **Contemporary Business** Louis E.
