1990-2015 Phil Edmonston, 2013-11-18 Lemon Aid New and Used Cars and Trucks 1990 2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car and truck book on the market Dr Phil Canada s best known automotive expert for more than 42 years pulls no punches Ecopiety Sarah McFarland Taylor, 2019-11-12 Tackles a human problem we all share the fate of the earth and our role in its future Confident that your personal good deeds of environmental virtue will save the earth The stories we encounter about the environment in popular culture too often promote an imagined moral economy assuring us that tiny acts of voluntary personal piety such as recycling a coffee cup or purchasing green consumer items can offset our destructive habits No need to make any fundamental structural changes The trick is simply for the consumer to buy the right things and shop our way to a greener future It s time for a reality check Ecopiety offers an absorbing examination of the intersections of environmental sensibilities contemporary expressions of piety and devotion and American popular culture Ranging from portrayals of environmental sin and virtue such as the eco pious depiction of Christian Grey in Fifty Shades of Grey to the green capitalism found in the world of mobile device carbon sin tracking software applications to the socially conscious vegetarian vampires in True Blood the volume

illuminates the work pop culture performs as both a mirror and an engine for the greening of American spiritual and ethical commitments Taylor makes the case that it is not through a framework of grim duty or obligation but through one of play and delight that we may move environmental ideals into substantive action *Focus On: 100 Most Popular Compact Cars*

CEO Leadership Thomas A. Cole, 2019-11-20 Corporate governance for public companies in the United States today is a fragile balance between shareholders board members and CEOs Shareholders who are focused on profits put pressure on boards who are accountable for operations and profitability Boards in turn pressure CEOs who must answer to the board while building their own larger vision and strategy for the future of the company In order for this structure to be successful in the long term it is imperative that boards and CEOs come to understand each other s roles and how best to work together Drawing on four decades of experience advising boards and CEOs on how to do just that Thomas A Cole offers in CEO Leadership a straightforward and accessible guide to navigating corporate governance today He explores the recurring question of whose benefit a corporation should be governed for along with related matters of corporate social responsibility and he explains the role of laws market forces and politics and their influence on the governance of public companies For corporate directors he provides a comprehensive examination of the roles responsibilities and accountability the role entails while also offering guidance on how to be as effective as possible in addressing both routine corporate matters and special situations such as mergers and acquisitions succession and corporate crises In addition he offers practical suggestions for CEOs on leadership and their interactions with boards and shareholders Cole also mounts a compelling case that a corporate culture that celebrates diversity and inclusion and has zero tolerance for sexual misconduct is critical to long term business success Filled with vignettes from Cole s many years of experience in the board room and C suite CEO Leadership is an invaluable resource for current and prospective directors CEOs and other senior officers of public companies as well as the next generation of corporate leaders and their business and financial advisors

Pitfalls of Corporate Leadership Francis J. Clauss, 2023-03-30 Our nation is still reeling from the 346 fatalities suffered on two flights of the Boeing 737 MAX 8 planes the first in May 2017 and the second in March 2019 These are just one of the series of costly and deadly consequences of defective products described in this book Besides the Boeing 737 planes the examples of bad products include automobiles electrical energy networks pipelines bridges and other large

structures banks drinkable water and financial services While the immediate or proximate causes of the disasters have been bad design or bad production the root or underlying causes have been bad corporate management and business cultures caused by corporate leaders The final five chapters provide short essays on product design production quality control management and culture and what the leaders of our private companies and government agencies might do to reduce the pitfalls that have led to so many defective products and their dire consequences **Balancing Green** Yossi

Sheffi, 2018-03-30 An expert on business strategy offers a pragmatic take on how businesses of all sizes balance the competing demands of profitability and employment with sustainability The demands and stresses on companies only grow as executives face a multitude of competing business goals Their stakeholders are interested in corporate profits jobs business growth and environmental sustainability In this book business strategy expert Yossi Sheffi offers a pragmatic take on how businesses of all sizes from Coca Cola and Siemens to Dr Bronner s Magical Soaps and Patagonia navigate these competing goals Drawing on extensive interviews with more than 250 executives Sheffi examines the challenges solutions and implications of balancing traditional business goals with sustainability Sheffi author of the widely read The Resilient Enterprise argues that business executives personal opinions on environmental sustainability are irrelevant The business merits of environmental sustainability are based on the fact that even the most ardent climate change skeptics in the C suite face natural resource costs public relations problems regulatory burdens and a green consumer segment Sheffi presents three basic business rationales for corporate sustainability efforts cutting costs reducing risk and achieving growth For companies sustainability is not a simple case of profits versus planet but is instead a more subtle issue of some people versus other people those looking for jobs and inexpensive goods versus others who seek a pristine environment This book aims to help companies satisfy these conflicting motivations for both economic growth and environmental sustainability
