Social Impact of the Global Financial Crisis in the Philippines Arsenio M. Balisacan, 2010-12-01 Anecdotal evidence permeates accounts on the impact of the global economic crisis on Philippine poverty This study systematically assesses the evidence and recent data It adopts a somewhat eclectic approach as applying regression and decomposition techniques to trace the impact of the global economic crisis on gross domestic product and its major components constructing panel data from nationally representative household surveys to trace the changes in household welfare during the crisis and combining national income accounts and household survey data to simulate the differential effects of the crisis across population groups and social divides Empirical findings suggest that although the Philippine economy did not slide to recession during the crisis its impact on the economy and poverty across population groups was nonetheless severe and may linger for many years to come

Malawi International Monetary Fund. African Dept., 2013-05-20 This collection of papers reviews Malawi's economic performance under a program supported by the Extended Credit Facility ECF Drought conditions in parts of the country have dampened the near term outlook for growth and have resulted in food insecurity for nearly 2 million inhabitants The authorities have

therefore implemented strong adjustment measures to address Malawi's substantial external and internal imbalances. The IMF Executive Board has also decided to enable the immediate disbursement of an amount equivalent to SDR 13.02 million about US 20 million bringing total disbursements under the program to an amount equivalent to SDR 26.04 million about US 40.1 million which will help Malawi to accelerate growth under the ECF.
