Kaplan,David P. Norton,2008 The authors describe a multistage system that enables you to gain measurable benefits from your carefully formulated business strategy Drawing on extensive research and detailed case studies from a broad array of industries they present a systematic framework for achieving the financial results promised by your strategy *Strategic Leadership of Change in Higher Education* Stephanie Marshall,2007-04-11 Drawing on the current research base on the management of change this book analyzes the key features in planning delivery and monitoring the impact of planned change initiatives in higher education Comparing and contrasting the findings of twenty five action research high level corporate change management projects the initiatives discussed include the introduction of Kaplan and Norton s Balanced Scorecard approach resulting in strategic mapping at all levels a major cultural shift programme to bring about globalisation of all aspects of the university taking account the perspectives as to how this should be achieved the introduction of a mentoring scheme to promote diversity and equality and greater understanding and support of black and ethnic minority staff Filled with practical lessons for leadership and change in higher education this book raises awareness as to how to tackle topical issues and effectively lead universities through major change With expert commentary and feedback from the stakeholders involved at each institution Strategic Leadership of Change in Higher Education is essential reading for all those taking on leadership and management positions in higher education **The Last Voyage of the Andrea Doria** Greg King,Penny Wilson,2020-04-07 An extensively documented account of the 1956 sinking of the Italian luxury liner amazing stories of serendipitous luck heroism cowardice and tragedy Booklist In 1956 a stunned world watched as the famous Italian ocean liner Andrea Doria sank after being struck by a Swedish vessel off the coast of Nantucket Unlike the tragedy of the Titanic this sinking played out in real time across radios and televisions the first disaster of the modern age Audiences witnessed everything that ensued after the unthinkable collision from the heroic rescue of passengers to the ship s final sinking beneath the Atlantic taking some fifty lives with her

The Andrea Doria represented the romance of travel and the glamorous side of mid twentieth century life Now Greg King and Penny Wilson offer a fresh look at this legendary liner and her tragic fate They bring the fateful voyage to life in a narrative focused on her passengers Cary Grant s wife Philadelphia s flamboyant mayor the heiress to the Marshall Field fortune and many brave Italian emigrants who found themselves plunged into a desperate struggle to survive The Last Voyage of the Andrea Doria follows the effect this trauma had on their lives and brings the story up to date with the latest expeditions and never before seen photos of the wreck

A Season of Splendor Greg King,2008-10-01 Journey through the splendor and the excesses of the Gilded Age Every aspect of life in the Gilded Age took on deeper transcendent meaning intended to prove the greatness of America residences beautified their surroundings works of art uplifted and were shared with the public clothing exhibited evidence of breeding jewelry testified to cultured taste and wealth dinners demonstrated sophisticated palates and balls rivaled those of European courts in their refinement The message was unmistakable the United States had arrived culturally and Caroline Astor and her circle were intent on leading the nation to unimagined heights of glory From A Season of Splendor Take a dazzling journey through the Gilded Age the period from roughly the 1870s to 1914 when bluebloods from older established families met the nouveau riche headlong railway barons steel magnates and Wall Street speculators and forged an uneasy and glittering new society in New York City The best of the best were Caroline Astor s 400 families and she shaped and ruled this high society with steel A Season of Splendor is a panoramic sweep across this sumptuous landscape presenting the families the wealth the balls the clothing and the mansions in vivid detail as well as the shocking end of the era with the sinking of the Titanic

Havering Through Time Michael Foley,2010-07-15 This fascinating selection of more than 180 photographs traces some of the many ways in which Havering has changed and developed over the last century

Lusitania Greg King,Penny Wilson,2015-02-24 On the 100th Anniversary of its sinking King and Wilson tell the story of the Lusitania s glamorous passengers and the torpedo that ended an era and prompted the US entry into World War I Lusitania She was a ship of dreams carrying millionaires and aristocrats actresses and impresarios writers and suffragettes a microcosm of the last years of the waning Edwardian Era and the coming influences of the Twentieth Century When she left New York on her final voyage she sailed from the New World to the Old yet an encounter with the machinery of the New World in the form of a primitive German U Boat sent her and her gilded passengers to their tragic deaths and opened up a new era of indiscriminate warfare A hundred years after her sinking Lusitania remains an evocative ship of mystery Was she carrying munitions that exploded Did Winston Churchill engineer a conspiracy that doomed the liner Lost amid these tangled skeins is the romantic vibrant and finally heartrending tale of the

passengers who sailed aboard her Lives relationships and marriages ended in the icy waters off the Irish Sea those who survived were left haunted and plagued with guilt Authors Greg King and Penny Wilson resurrect this lost glittering world to show the golden age of travel and illuminate the most prominent of Lusitania s passengers Rarely was an era so glamorous rarely was a ship so magnificent and rarely was the human element of tragedy so quickly lost to diplomatic maneuvers and militaristic threats **Accounting & Business** ,2003 *Dissonant Voices* Joseph Pizza,2023-09-28 *Dissonant Voices* Race Jazz and Innovative Poetics in Midcentury America explores the braiding together of racial politics popular music and avant garde poetics in post war American culture Ranging from roughly the late 1940s to the early 1970s this study examines the development of open field poetics alternately termed projective verse after Charles Olson s influential essay of the same name In doing so it traces projective verse from its creation amidst the crucible of racial integration at Black Mountain College to its development through a series of interracial friendships explored among writers involved in the Boston San Francisco and downtown New York scenes to its reimagining by African American poets working in Harlem Los Angeles and beyond as part of the Black Arts Movement Because the histories of integration jazz and postwar poetics have been studied too often as the subjects of disparate narratives and separate disciplines this arc of their shared development has also been largely obscured To remedy this the present study takes an interdisciplinary approach with insights from contemporary histories performance studies sound studies critical race theory and literary criticism informing the mix of literary analysis musicology and historical detail that comprises each chapter Accordingly the book argues for an integrated approach to the New American Poetry and the Black Arts Movement one that situates the midcentury poetics of breath and performance in the context of the Civil Rights era politics and jazz music that informed it Moreover it also unearths significant and little understood connections between Black Mountain the Beats the Boston Renaissance the New York scene and the Black Arts Movement expanding thereby our understandings of each and in a more general sense of contemporary American poetry politics and music in the process Visitor access and facilities Great Britain: Parliament: House of Commons: Administration Committee,2012-05-23 Approximately 1 million people enter the parliamentary estate every year as visitors rather than as Members or staff of the two Houses of Parliament The two Houses must balance the business needs of a fully working legislature and those of a visitor attraction Parliament is first and foremost a working institution and that implies clear principles for how access is organised Democratic access to the work of Parliament must remain free and open enabling any citizen at least so far as physical space allows open access to sittings in the two Chambers in the Committee Rooms and in Westminster Hall or to meet their Member of Parliament Considerable work needs to be done on how the visitor attraction part of Parliament is best operated not least in persuading some reluctant Members and staff of both Houses and an often instinctively negative media to recognise the difference between democratic access to the work of the place and interest in its heritage and tourism aspects The central idea that has emerged in this inquiry is that two conceptions of Parliament are

required the working institution and the visitor attraction The two should be complementary not in conflict and some of the tensions that presently arise from for example queues outside the building and the consequent delay of business meetings for Members and others would be resolved if the two concepts were more rigorously held apart College and University ,2006

Faith in Education at the Skidaway Island Benedictine Mission Laura Seifert,2024-10-15 Having survived the turmoil of Reconstruction several hundred African American tenant farmers were settled on Skidaway Island Georgia and led a fairly quiet existence In 1877 Benedictine monks intruded into this relatively safe if desperately poor haven and built a Catholic mission and boys boarding school For the next two decades the Benedictines and locals negotiated for influence over the islanders religious convictions and education Faith in Education at the Skidaway Island Benedictine Mission brings together the recovered archaeological data and extensive Benedictine archives to reconstruct the intersecting lives of monks students lay brothers and African American neighbors on Skidaway Island Unlike a purely historical treatment this book amplifies the documentary evidence with archaeological findings including glass from arched church windows writing slate and slate pencil fragments a kerosene lamp and harmonica fragments The narrative balances the chronological story of the Skidaway Island mission with the larger history of African American education in Savannah and Chatham County from 1865 to the mission s closure circa 1900 Ultimately Laura Seifert s analysis shows how the roots of our educational system resulted in inequities today particularly because racism is a prominent thread that connects past and present problems Traces of Vermeer Jane Jelley,2017-07-14 Johannes Vermeer s luminous paintings are loved and admired around the world yet we do

not understand how they were made We see sunlit spaces the glimmer of satin silver and linen we see the softness of a hand on a lute string or letter We recognise the distilled impression of a moment of time and we feel it to be real We might hope for some answers from the experts but they are confounded too Even with the modern technology available they do not know why there is no evidence of any preliminary drawing why there are shifts in focus and why his pictures are unusually blurred Some wonder if he might possibly have used a camera obscura to capture what he saw before him The few traces Vermeer has left behind tell us little there are no letters or diaries and no reports of him at work Jane Jelley has taken a new path in this detective story A painter herself she has worked with the materials of his time the cochineal insect and lapis lazuli the sheep bones soot earth and rust She shows us how painters made their pictures layer by layer she investigates old secrets and hears travellers tales She explores how Vermeer could have used a lens in the creation of his masterpieces The clues were there all along After all this time now we can unlock the studio door and catch a glimpse of Vermeer inside painting light

Twilight of Empire Greg King, Penny Wilson, 2017-11-14 From the authors of *The Assassination of the Archduke* comes a book about a shocking murder suicide that ushered in the end of the Habsburg monarchy that had dominated Europe for centuries
