Cochell, Laura Fullmer, 2017 Kindergarten teachers know that a child's first taste of school should be engaging, active, social and fun. Yet teachers are presented with a challenge: How do they nurture the holistic, exploratory nature of early childhood while teaching with the intentionality and rigor required to meet learning goals? Let this resource pave the way. English Language Arts: The Kindergarten Way contains methods for teaching foundational reading skills, building vocabulary, inspiring and developing writing, and helping children respond to literature and informational text while inherently fulfilling the needs of the whole child. An entire year of activities is included, and all activities are classroom tested and naturally infuse visual art, music, drama, poetry, movement, and puppetry so that kindergartners meet learning goals their way. **Science in Early**

Childhood Coral Campbell, Wendy Jobling, Christine Howitt, 2021-01-19 It is widely recognised that science exploration is vital in children's lives as they make sense of the world. Now in its fourth edition, *Science in Early Childhood* provides a comprehensive and engaging introduction to science in the early years. Each chapter has been updated to include current research and to address changing priorities in early childhood science education. The text features new chapters on Indigenous ways of knowing, science inquiry approaches to learning, science and teaching science inclusively. *Science in Early Childhood* complements the Australian Early Years Learning Framework and the Australian Curriculum Science Concepts. Processes and skills are brought to life through detailed case studies, practical tasks, and reflective activities. Instructors can also supplement learning by drawing on the extensive materials located on the companion website. Renowned for its accessible and informative content, *Science in Early Childhood* is essential for all pre-service early childhood educators.
