The Complete Book of Old-Time Fiddle Tunes for Appalachian Dulcimer Mark Kailana Nelson, 2022-03-09 With over 70 fiddle tunes arranged for Appalachian dulcimer this book includes both common session tunes that everyone should know and a handful of obscure gems. The tunes include a representative collection of what people are playing in the current old time music scene. The author has indicated the source of the tune when known plus notes on achieving the proper feel and playing style. Although a few of the arrangements are real finger twisters most are well within the reach of the intermediate dulcimer player. Some tunes are written for old time noter style playing some are best fretted with your fingers. All of the arrangements include suggested chords for guitar or other instruments. One or two include lyrics most do not. Old time tunes tend to be played in fiddle friendly keys like D G A major and minor and C. Although you can play in most of those keys out of DAD tuning the music really comes alive when you re tune and let those drones ring. Tunings include DAA DAD DGD AAA and more. The author includes notes on how to re tune your dulcimer as well as alternative tunings for some of the tunes. The author says This book represents the fruits of over fifty years spent chasing down a good tune. Includes access to online audio of all of the tunes played on solo dulcimer.
