Star Dancer Ben Winston,2015-05-20 Discovering a threat to Star Dancer and Earth Ian and his people get ready for an attack by the enemy that destroyed the planet Talos Ian and his people realize they are horribly out gunned and outnumbered when the aggressors arrive in a planet killer type vessel that dwarfs Star Dancer How will Ian overcome this enemy and save the day     *Olympus* Ben Winston,2015-05-20 Over four thousand years ago a starship crashed on the dark side of the moon Acting on its final orders the AI began repairs and then searched for a new crew Finding Ian Williams a virtual clone for its original commander the AI contacts him and convinces him to undertake the challenge of getting the big ship back in space and protecting the Earth from the enemy that originally caused it to crash Can Ian do what needs to be done without any of the governments of the planet finding out about it Will one star ship be enough to protect the planet Will the damn thing even be able to fly again     Star Dancer Dell Sweet,2017-07-14 Michael Watson sat at the mouth of the cave staring out over the valley below This close to the thick plastic the air was cold but the wooden benches were comfortable if a little hard They had served for dozens upon dozens of people since Mike and Tom had built them some thirty years before They still served them well He turned and smiled at several children who sat nearby pointing out different landmarks in the valley far below The children especially never seemed to tire of sitting on the low benches and looking out over the valley Michael chuckled to himself turned his eyes from the other benches and back out on the valley far below The snow was falling heavy Two hours ago late fall had been holding steady little smudges of green had still existed throughout all the fall foliage in the valley Now it was quickly becoming a blanket of white Fall had lost this round Years before they had devised a new year that better kept track of seasons and the much longer year Hay Vida had Even with a year that now held some 95 extra days spread over fifteen months to even the seasons out the time still seemed to move by too quickly Time was never a friend to anyone Michael thought Well maybe death nothing else The seasons had worked themselves out after a few years Some longer some shorter it was winter that had come out the winner in that round Even slightly longer winters had a huge impact on the year around weather and the planting that could be accomplished It took much longer to get through winter longer for spring to thaw the valleys and fields for planting longer for the sun to warm the ground and glaciers were forming in the north Growing ever bigger year by year Michael had sometimes wondered in years past if he would see them come this far Of course the answer was no They would not come this far in his lifetime but he had no doubt they would come here eventually Winter was coming in strong today there would be little left to do soon but plan the hunts and tell stories around the fire Leaving Earth behind was hard Traveling millions of miles to a possibly inhabitable system was even harder What's next will be even harder Join the Star Dancer crew as they search for a new home among the stars     Star Dancer F. Sampson,1993     **Conflict** Ben Winston,2024-01-29 As Ariel and her friends get ready to start making a difference the Senate decides to do it for her and declares war on the Empire Ariel learns more about what it means to be a leader and the

state in which the people of the Empire have been living She has a hard time dealing with becoming the icon of hope for trillions of people when she is having a hard time just defending her own home She learns quickly when the republican fleet arrives to kill her and her grandfather and take over the Empire *Star Dancer* Beth Webb,2007-05-04 When fifteen year old Tegen is declared the Star Dancer the one who will save her people from a terrible evil she is stunned Then Tegen learns to work real magic with an enchanted silk shawl and has no choice but to accept her destiny But there are those who are hell bent on destroying her before she can fulfil the prophecy **Addran IV** Ben Winston,2024-02 The planet Addran IV was a hot world that orbited a binary star system It was believed that the star system was called Addran and that it existed on the far side of the galaxy from Earth s neighborhood The system had several other planets and moons some of which could probably support human life Due to circumstances beyond their control a human colony crashed on the very large fourth world of the system After the crash they discovered they could no longer communicate with their home They set about setting up what they could to survive on the hot hostile world Proving the resilience of the human spirit they not only survived but flourished and grew Now almost a millennium later they detected communication signals from Earth Most of the messages were unclear but what they could determine was that Earth was now the center of an Empire They also discovered that the Empire remembered the lost colony *Ascension* Ben Winston,2024-01-29 Ariel Janis was a normal college girl until she attended the reading of a will She inherited much more than she bargained for as she discovers more and more about her new estate Not only is she now one of the richest women in the United States she learns she has inherited the legacy of being a Guardian to a Galactic Empire she s never heard of Just as she thinks she gets a handle on that she gets a visit from a very important very special guest from way out of town *Star Dancer II* Karen Borak,2021-04-28 Continuing with the first Star Dancer Book 2 finds Angelina older but not wiser Her faith in being a Star Dancer is at an all time low to match her sagging spirits It takes a visit from two special galactic visitors to restore her belief in happiness *Subroutines - Episode II* Ben Winston,2015-05-19 A new place to live and a new society to learn about It has become a very exciting time in the Cowan family s lives but is everything as it seems **The Star Dancer** Jo Brodie,2017-07-06 The Star Dancer is a short story featuring a little boat an occupant and a fishing net Part of the inspiration for this story is a buddhist writing about a ship to cross the sea of suffering It is an uplifting story and reflects the author s view of life The Snow Queen is a story of the reign of the Snow Queen in one of the worst winters for 60 years The Heaven Diaries is the tale of a greyhound s life on Earth his adventures in heaven and the story of his life Rupert Roobarb and the Ark introduces Rupert Roobarb as the apprentice his story is in The Dog Tails and is a modern day fairy tale with a personal twist *World Class Star Dancer* Ilias Ourahou,2023-08-15 In a World where dancing is the most popular Sport in the world Lucia always knew she was destined for something but what it really was remained a mystery Until that one day that changed everything Jayden is a very adamant and confident kid he always wanted to be famous But his family always told him that is not possible But he never listened he
