WHO TAKES CARE OF WHAT?

Your food is safe. Your state has roads and schools. Your community has parks and police. Government makes these things happen... and more.

STATE AND LOCAL

LOCAL

Safe travel! The Federal Aviation Administration (FAA) ensures that flying is safe.

How much? The U.S. mint manufactures and distributes all our coins - the Bureau of Engraving and Printing prints our paper money.

Ensuring national security. The Department of Defense provides the military forces needed to prevent war and keep our country safe.

Protecting plants and animals. U.S. Fish and Wildlife focuses on protecting endangered species.

Is your health? The Food and Drug Administration (FDA) monitors all medicines and sets food safety standards.

Learning more on your behalf. The National Institute of Health (NIH) supports research into the causes and cures of diseases.

FEDERAL AND STATE

How green is it? National and state governments create and maintain about 200 million acres of parks and forests.

Correctional facilities - prisons - house people who have been convicted of a crime.

How big? About 4 million miles of roads cross the U.S.

Safe and sound. Community police, state troopers, the National Guard, and the FBI (Federal Bureau of Investigation) work to fight crime.

FEDERAL AND LOCAL

Model this. Communities have elections, courts and laws. Local governments, both state and local, arrange for polling places where people cast their vote.

911 Quick, call 9-1-1! Your community's first responders - firefighters, police, and EMTs (Emergency Medical Technicians) - are there in minutes.

Read, play, enjoy. If you like libraries, sports fields, parks, and other recreation facilities in your community, say thank you to your local government.

Emergency! Without your local government to make the roads and to police, you may end up with a rough ride.

STATE

Behind the wheel. Every state has a Department of Motor Vehicles. When you're old enough to get a driver's license, that's where you'll go.

Go fish! But first you'll need a state-issued fishing license. The same goes for hunting.

Ready to go to college and other postsecondary school? You'll need a state license to drive. They plan to vote.

Amend! Any amendment to our Constitution must be approved in at least 34 states.

Cutting costs. A state controls all the hospitals within its borders and owns direct control over specific facilities.

Electing our President. Every state elects electors for the Electoral College. Electors cast votes for presidential candidates and the majority of votes in the state.

STATE AND LOCAL

Your teachers, your schools. Local communities hire teachers, build schools, and decide whether to send their school children to and from school. What gets taught in the state is responsible.

Electricity, natural gas, and water are responsible for the managed and distributed. Local communities are in charge.

Pick! That's what you might say without the garbage collection provided by your community's sanitation department.
