Promise In the latter part of the 1960s and early 1970s Neville gave more emphasis to The Promise than to The Law One could use imaginal power to change one's circumstances he said but it would be temporary and will vanish like smoke He went on to explain that The Promise superseded The Law claiming Oh you can use it The Law to make a fortune to become known in the world all these things are done but your true purpose here is to fulfill Scripture After subordinating The Law to The Promise he became as eager to hear accounts by those who had experienced The Promise and sharing such accounts as he had earlier of those with The Law The Power of Awareness attempts to demonstrate how to use our mind to realize our wishes As such it is an important part of the larger New Thought Movement in which Neville holds a prominent place
