allowed Twain to utilize his vast knowledge of history and biography two subjects which occupied much of Twain's reading time and this novel also allowed him to meditate on the injustices inherent in human nature or the damned human race as it was termed in his later work *The Mysterious Stranger*. The subject matter also allowed Twain to indulge in one of his favorite pastimes using a language different from that used by either the common people or the educated people the idioms and dialects of Tom Sawyer and Huck Finn and the archaic language of *The Prince and the Pauper* and *A Connecticut Yankee* are all illustrations of Twain's penchant for utilizing different sorts of language. *The Prince and the Pauper* is also Twain's most elaborately plotted novel. Seemingly an insignificant incident the whereabouts of the Great Seal of England becomes the key to the real identity of the new king. Likewise Tom's knowledge of Latin and his early role as a friend and counselor to the people of Offal Court influence his actions later as the surrogate king. In his *Autobiography* Twain wrote of this novel Edward VI and a little pauper exchange places by accident a day or so before Henry VIII's death. The prince wanders in rags and hardships and the pauper suffers the to him horrible miseries of princedom up to the moment of crowning in Westminster Abbey when proof is brought and the mistake rectified. From this bare sketch Twain fleshed out the characters and created a masterpiece that has endured and delighted thousands of young readers and adults alike ever since its publication in 1882.

Tom has always known that he was made for better things and aspires to a more well to do lifestyle. The local parish priest is very encouraging to him and teaches him to read and write. Tom spends a lot of time hanging around the gates of the

palace eventually this pays off he meets Edward Tudor Prince of Wales This is seen as somewhat of a threat to the Prince's safety by his guards who want to whisk him off and beat him for his insolence but Edward speaks up for Tom and asks him to accompany him into the palace chamber The two boys begin to strike up a friendship despite their different stations in life and their wildly divergent upbringings what they have in common is that they are two young boys of the same age who happen to look very similar to each other They are both fascinated by the other's life The wildest coincidence is that they share the same birthday One thing leads to another and they decide to switch places for the day The Prince goes outside dressed like Tom He is carrying an important document with him The guards don't recognize him and they drive him as far as the outer walls of the palace When he is dropped off he makes his own way to Tom's family's home It is a brutal experience Tom's father is an alcoholic and extremely abusive He manages to escape from him and he meets a soldier nobleman Miles Hendon who is returning from war Miles doesn't believe a word of the boy's story about being a prince disguised as a poor boy but he likes the boy and he decides to humor him by pretending that he believes what he is saying He becomes his wing man and protector In the middle of the boy's identity switch news arrives that King Henry VIII has died which means that Prince Edward is now King of England Tom is disguised as Edward and struggling to get used to the way in which the Court works and with its customs Because he does not seem to know what is what everyone believes him to have some kind of illness that causes loss of memory They are worried that he will eventually go mad They ask him over and over again about the Great Seal of England but he remembers nothing about it or where it is They are slightly placated when Tom is asked to view judgement proceedings and makes some very sound observations He cannot be that mad if he still has this much common sense
