The Civic Bargain Brook Manville, Josiah Ober, 2023-09-19 A powerful case for democracy and how it can adapt and survive if we want it to Is democracy in trouble perhaps even dying Pundits say so and polls show that most Americans believe that their country s system of governance is being tested or is under attack But is the future of democracy necessarily so dire In The Civic Bargain Brook Manville and Josiah Ober push back against the prevailing pessimism about the fate of democracy around the world Instead of an epitaph for democracy they offer a guide for democratic renewal calling on citizens to recommit to a civic bargain with one another to guarantee civic rights of freedom equality and dignity That bargain also requires them to fulfill the duties of democratic citizenship governing themselves with no boss except one

another embracing compromise treating each other as civic friends and investing in civic education for each rising generation Manville and Ober trace the long progression toward self government through four key moments in democracy s history Classical Athens Republican Rome Great Britain s constitutional monarchy and America s founding Comparing what worked and what failed in each case they draw out lessons for how modern democracies can survive and thrive Manville and Ober show that democracy isn t about getting everything we want it s about agreeing on a shared framework for pursuing our often conflicting aims Crucially citizens need to be able to compromise and must not treat one another as political enemies And we must accept imperfection democracy is never finished but evolves and renews itself continually As long as the civic bargain is maintained through deliberation bargaining and compromise democracy will live The Theory of the Public Sphere John Brookshire Thompson,1993 **Rethinking the Public Sphere** Nancy Fraser,2016-08-22 An invaluable resource for students and scholars concerned with the role of the public sphere beyond the nation state this book will also be welcomed by anyone interested in globalization and democracy today **The Public Sphere** Jostein Gripsrud,Hallvard Moe,Anders Molander,Graham Murdock,2010-12-29 The idea of the public sphere as the space where citizens come together to deliberate on issues of common concern and to critique and influence the government has been one of the most influential and contested concepts since the beginning of debates on the constitution of democracy Not simply of historical interest the notion of a public sphere remains central to contemporary issues such as the democratic potential of the internet the challenges posed by the resurgence of fundamentalisms and the possibilities for a post national cosmopolitan political order in the age of globalization This four volume set is a must have guide to the idea of the public sphere its history the ongoing struggles over its meaning and importance to democracy and its continuing relevance to emerging issues It offers an authoritative presentation of the canon in this area of scholarship emphasizing 20th century and recent contributions Volume 1 Defining the Public Sphere Volume 2 The Political Public Sphere Volume 3 The Cultural Public Sphere Volume 4 The Future of the Public Sphere **The Public Sphere** Jostein Gripsrud,Hallvard Moe,Anders Molander,Graham Murdock,2010-12-29 The idea of the public sphere as the space where citizens come together to deliberate on issues of common concern and to critique and influence the government has been one of the most influential and contested concepts since the beginning of debates on the constitution of democracy Not simply of historical interest the notion of a public sphere remains central to contemporary issues such as the democratic potential of the internet the challenges posed by the resurgence of fundamentalisms and the possibilities for a post national cosmopolitan political order in the age of globalization This four volume set is a must have guide to the idea of the public sphere its history the ongoing struggles over its meaning and importance to democracy and its continuing relevance to emerging issues It offers an authoritative presentation of the canon in this area of scholarship emphasizing 20th century and recent contributions Volume 1 Defining the Public Sphere Volume 2 The Political Public Sphere Volume 3 The Cultural Public Sphere Volume 4 The Future of the
