Hip Hop Time Catherine M. Appert,2018 In the twenty first century Senegalese hip hop Rap Galsen has reverberated throughout the world as an exemplar of hip hop resistance in its mobilization against government corruption during a series of tumultuous presidential elections Yet Senegalese hip hop s story goes beyond resistance it is a story of globalization of diasporic movement and memory of imagined African pasts and contemporary African realities and of urbanization and the banality of socio economic struggle At particular moments in Rap Galsen s history origin narratives linked hip hop to a mythologized Africa through the sounds of indigenous oralities At other times contrasting narratives highlighted hip hop s equally mythologized roots in the postindustrial U S inner city and African American experience As Senegalese youth engage these globally circulating narratives hip hop performance and its stories negotiate their place in a rapidly changing world In

Hip Hop Time explores this relationship between popular music and social change framing Senegalese hip hop as a musical movement deeply tied to both indigenous performance practices and changing social norms in urban Africa Author Catherine Appert takes us from Senegalese hip hop s beginnings among cosmopolitan youth in Dakar s affluent neighborhoods in the 1980s to its spread throughout the city s ghettoized working class neighborhoods in the mid to late 90s and into the present day where political activism and hip hop musicality vie for position in local and global arenas An ethnography of the inextricability of musical and social meaning in hip hop practice In Hip Hop Time charts new intellectual territory in the scholarship of African and global hip hop [B.P.R.D.
