The Rapture An Alternative Point Of View:

Everything You Know about Evangelicals Is Wrong (Well, Almost Everything) Steve Wilkens, Don Thorsen, 2010-08-01 While evangelicals make up a significant portion of American society they still constitute a mystery for many. They exert considerable influence on virtually every aspect of American life and culture yet by those who don't appreciate them they're seen as rednecks, crypto fundamentalists and people without education. Wilkens and Thorsen contend that evangelicals are tired of being caricatured and provide an insider's look at myths and realities surrounding the movement. They winsomely and sometimes humorously assess the breadth and depth of evangelical beliefs, values and practices, arguing that evangelicalism is identifiable by a family resemblance, vitality and relevance that transcends particular theological and political stereotypes that arise inside as well as outside of it. The book provides a synthetic presentation of contemporary evangelical Christianity as well as critiques of it. [Bible Prophecy Under Siege](#) Ron Rhodes, 2024-02-13 Understanding and Answering False Claims about Prophecy Many people today cast doubt on the promises God gives his church in Bible prophecy as predicted by Scripture itself. Scoffers will come in the last days with scoffing following their own sinful desires. They will say, "Where is the promise of his coming?" 2 Peter 3:3-4 Bible Prophecy Under Siege provides a thorough survey of the misunderstandings and misguided thinking people sometimes have about the last days. Prophecy expert Ron Rhodes offers you careful guidance through these differing viewpoints and you will learn the ways Bible prophecy is under siege and how to respond to false claims biblically. Gain helpful historical insights about the rapture and other prophetic issues. Be emboldened to hold firmly to prophetic biblical truth during trying times. Be encouraged to live with conviction rooted in God's Word. With a perspective grounded in the Bible you will be equipped to discern flawed views on prophecy. Rest secure in immovable truth and grow in anticipation of the day when Christ will make all things new. *Existential Threats* Lisa Vox, 2017-07-03 In *Existential Threats* Lisa Vox explores the growth of dispensationalist premillennialism alongside scientific understandings of the end of the world and contends that these two allegedly competing visions have converged to create an American apocalyptic imagination. **The Complete Layman's Guide To End Times Prophecy A Biblical Perspective** Robert R. Ramirez, 2011-11 Have you looked around at the world and felt as though everything was falling apart? America is struggling economically and no one has any answers. Unemployment has been over 9% for over two years now. It feels like the government is trying to take control of our lives. There is speculation that Greece might collapse economically and if they do other European countries will follow suit. The Middle East is in total chaos and very unstable with all these people rioting in the streets and wreaking havoc on their respective countries along with dictators falling and rising from power. Iran is still telling everyone they are intent on annihilating Israel as they improve their nuclear capabilities. As Christians, our hope is in Jesus Christ; we know that our God is sovereign so all the chaos in the world has no effect on how God brings the world to an end. But the end is in sight and people are looking for something certain in this world. There are so

many questions Christians have regarding End Times Prophecy and do not understand simply because the church has not fulfilled its purpose in rightly dividing the Word of truth for the saints The Complete Layman s Guide to End Times Prophecy will bring together all the questions one might have regarding the end of the world and the return of the Warrior King Jesus Christ to this earth to set up His millennial kingdom This book is clear concise and cogent in its message and attempts to address all End Times Prophecy questions Doctor Robert Ramirez B A Political Science College of Santa Fe B A Pastoral Studies Moody Bible Institute MDiv The Master s Seminary DMin Trinity Southwest University Pastor Alive In Christ Bible Church President and Founder New Mexico Bible Institute Bookstore **Paradise Restored** Mark Sweetnam,2020-11-23

This book has its origin in the conviction that a grasp of God s prophetic program is not an esoteric indulgence for the eccentric but an essential element of every believer s knowledge of his or her Bible and an indispensable part of living a scriptural Christian life In the prophecies of Scripture God treats us not as servants but as friends allowing us to see and understand something of his plans for the universe and for his own This book will assist the student of Bible prophecy by providing a clear and concise outline of future events It addresses the question of how prophetic Scripture ought to be interpreted and describes the distinctive hopes of Israel and the church It also stresses the practical value of prophecy in our everyday lives highlighting its importance as a preventative against doctrinal distortions and a promoter of correct Christian conduct Throughout the book we are reminded that the testimony of Jesus is the spirit of prophecy as Christ is seen to be the central subject of prophecy and the Source and Sum of the believer s hope **The Last Days** Scarlett Anderson,2024-05-24

Based on the author s thirty years of fieldwork interviewing activists involved in religious related terrorist movements around the world this book explains why desperate social conflict and personal fears lead to extremes of both religion and war and why invariably God is thought to be engaged in battle Virtually every religious tradition leaves behind it a bloody trail of stories legends and images of war and most wars call upon the divine for blessings in battle This book probes the remarkably

similar alternative realities that are created in the human imagination by both religious ideas and images of war in response to crises both personal and social

The Otherworlds of Liz Jensen Helen Esther Mundler, 2016 The first study of one of the most innovative of contemporary novelists Liz Jensen and of the otherworlds in her fiction Liz Jensen a British author of eight novels is among today's most innovative writers Her literary thrillers occupy the terrain between realism and science fiction This first study of Jensen centers on the very diverse otherworlds she creates in each of her novels which can consist of an indeterminate space of ontological instability a zone in which real and unreal converge to destabilize the realist text as in *Egg Dancing* 1995 and *The Ninth Life of Louis Drax* 2004 In other novels the otherworld relies on defamiliarization thus in *War Crimes for the Home* 2002 the experience of war is transformed by being seen from a woman's perspective In still other cases the otherworld spans the novel's entire topos as in *The Paper Eater* 2000 the full blown utopia at the center of Jensen's oeuvre Jensen's work approaches contemporary social issues such as religious fundamentalism ecological disaster and assisted procreation Simultaneously it displays a number of characteristics of erudite fiction including self reflexivity inter and intratextual reference parody pastiche and burlesque Notwithstanding the popular elements of Jensen's work Helen E Mundler's study adopts a rigorously academic approach to it referencing canonical works but also more innovative texts particularly by contemporary women writers as points of comparison Helen E Mundler is Senior Lecturer in English Studies at UPEC Universit Paris Est Crteil with a research affiliation at the Universit Paris X Nanterre La Defense

Consuming Space Michael K. Goodman, David Goodman, 2016-05-23 An examination of the relationship between space place and consumption offers important insights into some of the most powerful forces constructing contemporary societies Space and place are made and remade through consumption Yet how do cultures of consumption discover space and how do they construct place This book addresses these questions by exploring the implications of conceptualizing consumption as a spatial increasingly global yet intensely localized activity The work develops integrative approaches that articulate the processes involved in the production and consumption of space and place The result is a varied engaging and innovative study of consumption and its role in structuring contemporary capitalist political economies

The Flow of Endtime Events Richard Suchy, 2003-04-06. A personal relationship with Jesus Christ and the leading of the Holy Spirit are required as first steps in understanding the Bible. God then requires that believers diligently study His Word with open hearts and minds as they seek His truth. This book is intended as a study aid in understanding Bible prophecy. Questions addressed include: How will victory over world terrorism lead to something even more horrifying? What can we deduce about the personality and cultural background of Antichrist? What part does the ancient Wailing Wall in Jerusalem play in prophecy? Why do so many people believe in a seven-year Tribulation when the Bible teaches that the first half of this period is a time of peace? How will religious freedom lead to the outlawing of true Christianity? Why will God allow His people to suffer at the hands of Antichrist? Why do so many people believe in the imminent return of Christ when the Bible clearly indicates that certain events must happen first? Why will most of the earth's population look to Satan as the world's hope of salvation and see Jesus Christ as the super villain of the universe?

A History of Six Ideas W. Tatarkiewicz, 2012-12-06. The history of aesthetics, like the histories of other sciences, may be treated in a two-fold manner: as the history of the men who created the field of study or as the history of the questions that have been raised and resolved in the course of its pursuit. The earlier *History of Aesthetics* (3 volumes, 1960-68, English language edition 1970-74) by the author of the present book was a history of men of letters and artists who in centuries past have spoken up concerning beauty and art form and creativity. The present book returns to the same subject but treats it in a different way, as the history of aesthetic questions, concepts, theories. The matter of the two books, the previous and the present, is in part the same but only in part, for the earlier book ended with the 17th century while the present one brings the subject up to our own times. And from the 18th century to the 20th, much happened in aesthetics; it was only in that period that aesthetics achieved recognition as a separate science, received a name of its own, and produced theories that early scholars and artists had never dreamed of.

The Sign of the End of the Age Paul Kalbach, 2016-12-13. There is a small

groundswell of thinking in the evangelical church that we may not have achieved a proper biblical understanding of end times events. It is important for us to return to a careful study of these things because the time is near. In *The Sign of the End of the Age: What Jesus Taught about the Future in Matthew 24*, author Paul Kalbach helps you discover or rediscover the Olivet Discourse, the Lord's clear road map that all other prophetic Scriptures must reckon with. To understand the discourse, we must answer one critical question: what is Matthew 24 about the future program for Israel or the end of the age events for all believers including the church? Kalbach presents extensive arguments that show a different timing and sequence of events than is usually taught by proponents of the pretribulation rapture position. His in-depth study adheres to a most literal interpretation method. *The Sign of the End of the Age* seeks to bring a deeper understanding of the end times period vital in a world that shows every sign that this time is near.

The Hope of Glory Ian A. McFarland, 2024-10-01. *The Hope of Glory* affirms a Christian hope for life in glory to be conceived as the renewal of this world as opposed to leaving this world behind. It is the same creation that God made in the beginning that God glorifies and redeems at the end. When speaking of the redemption of all things, theology finds itself confronted by various pitfalls. On the one hand, this worldly eschatologies that define Christian hope in terms of transforming the conditions of human existence in the present pay insufficient attention to the possibility of a wholly new creation. On the other hand, eschatologies that focus solely on the world to come fail to attend how Christian hope is a promise for the present as much as it is for the future. To avoid these pitfalls, says Ian McFarland, we need to seek the balance struck by Paul in the phrase *the hope of glory*. Col 1:27: Hope is always grounded in present reality; we hope for that which is not yet, but if that hope has no connection to our current experience, it is not hope at all, just wishful thinking. Yet glory is different; it refers to the displacement of the suffering and mortality of present experience with incorruption and immortality, a displacement that transcends every possibility of present existence because it is the utterly gracious gift of eschatological consummation. Drawing on his previous work on creation, *From Nothing*, and incarnation, *The Word Made Flesh*, McFarland demonstrates how in the resurrection we see the promise of a final redemption grounded in this worldly hope yet realized in the glory of a new heaven and new earth.

This Jesus We Talk About Bill King, 2015-04-30. How would you answer questions about the Christian faith? In this book, a doubter whom the author named Thomas asks many of the common questions that can lead to a resistance in accepting the Christian faith. Thomas' friend named Matt, who relates thoughts, understandings, and experiences of the author, writes his answers in the form of letters back to Thomas. The author writes of a God that is gracious, forgiving, accepting, and ever loving. And he explores what it is like to be in continuous fellowship with God through Jesus Christ. It is a fellowship free for the asking, a gift waiting to be given. This book is an invitation to be God's friend. Before you accept such an invitation, you may want to know more about the God doing the inviting. The book presents God as a loving father who wants us to come home. Discover the love and grace of God through Jesus Christ, a love that will draw you into that intimate friendship.

The Origins Miles Augustus Navarr,2024-02-13 There are many fundamental issues whether scientific cultural religious and even philosophical that we accept as fact or truth simply because our peers have done so Our peers have been wrong before For two thousand years Euclidean geometry and geo centricity was the absolute truth in scientific and religious communities Law of some of these issues concern the origins of our domain Origin of the universe origin of life on earth origin of Homo sapiens origin of what we categorize as civilization and origin of religion particularly monotheistic religions This book has endeavored to investigate these five very fundamental issues in simple and non scientific language as far as conceivable To most people these subject matters have very little or no consequence in their daily lives and for this reason they are not explored nor merit any time contemplating But they are so innate and engrained in our subconscious that most people must have pondered reflected or discussed one or more of these issues at least a few times in their lifetime The remarkable fact is that despite their vital and elemental relevance people simply accept and consent to what the authorities propagate That maybe the most convenient approach but none of the mainline theories regardless of where they came from

Charles Darwin Albert Einstein The Pope Carl Sagan Steven Hawking or any other scientists philosophers or religious authorities are simply theories not proven and thus still mysteries worth investigating The book does not try to find answers It simply investigates the flaws inadequacies and weaknesses in some of these theories and where possible to explore other alternatives and options The only purpose and indeed hope in writing this book is to create a fertile domain in the mind of the readers to ask question albeit The Right questions Where there is consciousness there is doubt **An Exploration of Christian Theology** Don Thorsen,2007-12-01 Beginning theology students often find themselves bewildered by a maze of beliefs represented in Christian history and tradition Don Thorsen s An Exploration of Christian Theology unravels the knots of theology by exploring the whole Christian tradition in a simple and straightforward way Beginning with introductory chapters on theology revelation and authority this book deals with biblical teaching and Christian tradition related to such topics as God creation sin Jesus Christ salvation and eschatology Chapters conclude with helpful questions for further reflection and discussion and a convenient glossary of theological terms is included This is an excellent introduction to Christian theology for classroom or individual use Holman New Testament Commentary - Revelation Kendell H.
