- Select the Bluetooth® (BT) input of PR400: unlock symbol appears.
- Select your appliance on the list of the possible receivers (named PR400).
- Once the connection is made, the lock symbol appears.

The whole audio signals of your device source will then be transmitted towards your PR400. Your emitter device will remain associated until you unlock the PR400 with your Smartphone or switch off your amplifier.

**Association of another emitter:** Once associated with an emitter, you'll need to switch completely your PR400 off in order to make it visible from another emitter. The quality of reception of the signal depends on the power of the Bluetooth emitter and the distance between the 2 devices. Avoid being more than 5 meters from your PR400 for a correct reception without any risks of signal cut.
