## **Standard Operating Procedures And Shipping Guidelines For:**

### **Guidance for Packing, Shipping, Holding and Release of Sterile Flies in Area-wide Fruit Fly Control**

**Programmes** Walther Enkerlin, 2007-01-01 There has been little harmonisation of the processes involved in the handling and release of sterile insects after production in mass rearing facilities There are no standard guidelines available to transfer this technology to FAO or IAEA member countries that want to embark on sterile insect technique SIT activities There is also increased interest by the private sector in investing in sterile insect production and or other SIT activities and these harmonized guidelines on the post production phase will facilitate SIT application and foster the commercialization of the SIT This guideline resulted from two FAO IAEA consultants meetings with representatives of relevant SIT programmes the first held in Sarasota Florida United States of America April 2004 and the second in Vienna Austria August 2005 It has identified a number of gaps in knowledge as well as procedures that are often based on conventional wisdom but which need scientific verification or optimization *Standard Specialized Standard Operating Procedures for Endodontists* , Guidelines for the Humane Transportation of Research Animals National Research Council, Division on Earth and Life Studies, Institute for Laboratory Animal Research, Committee on Guidelines for the Humane Transportation of Laboratory Animals, 2006-08-14

Arranging the transportation of animals at research facilities is often an ordeal There is a confusing patchwork of local national and international regulations a perceived lack of high quality shipping services a dearth of science based good practices and a lack of biosafety standards It s a challenge and an impediment to biomedical research Guidelines for the Humane Transportation of Research Animals identifies the current problems encountered in the transportation of research animals and offers recommendations aimed at local and federal officials to rectify these problems This book also includes a set of good practices based on the extensive body of literature on transportation of agricultural animals universal concepts of physiology and a scientific understanding of species specific needs and differences Good practices were developed by the committee to address thermal environment space requirements food and water requirements social interaction monitoring of transportation emergency procedures personnel training and biosecurity Guidelines for the Humane Transportation of Research Animals is an essential guide for all researchers animal care technicians facilities managers administrators and animal care and use committees at research institutions *Standard Operating Procedures for All Dentists* Marsha Freeman, 2004-10 In the book and accompanying CD Marsha Freeman offers 314 standard operating procedures for the dental office including front and back offices bookkeeping hygiene job descriptions and performance agreements management marketing and related forms Book SOPs are replicated on the CD for easy modification printing and binder insertion
