Skalna, Aleksandra Gąsior, 2024-10-28 The emergence of start up companies and new forms of entrepreneurship has become a significant challenge for entrepreneurs and decision makers who shape the businesses and economies of the future This book presents the results of international research analyses and experiences with start ups delving into their strengths and weaknesses as well as the challenges and attitudes that drive their quest for success It identifies and analyzes various determinants that shape entrepreneurship shedding light on new conditions that inspire and affect running a business in a new dynamically changing economic reality It also presents strategies and concepts used by novice entrepreneurs to overcome market challenges and build thriving enterprises from scratch Through an analysis of start ups from various industries and countries contributions showcase patterns and best practices that determine their growth and the secrets of their extraordinary achievements are discovered The power of cooperation between the academic environment and enterprises that jointly create innovations is also highlighted as well as the impact of the educational systems and cultural

norms that support networks on promoting ecology and an environment that encourages and supports entrepreneurial ventures By analyzing the success of entrepreneurship in various regions and countries this edited collection reveals the relationships among policy frameworks access to resources and the development of dynamic entrepreneurial ecosystems It will be of interest to researchers academics and advanced students in the fields of entrepreneurship innovation and economic development The Role of Immigrants in America's Innovation Economy United States. Congress. Senate. Committee on Commerce, Science, and Transportation,2013 **Dark Sides of the Startup Nation** Sibylle Heilbrunn,2022-11-29 Israeli national neoliberalism has promoted innovation policies leading to an ostensible paradox At the center is a startup nation with a vibrant and successful high tech entrepreneurial ecosystem accumulating resources and enabling constant growth At the geographical and social periphery there has emerged a parallel society with often marginalized groups not able to keep up In one of the most unequal countries with a high rate of poverty entrepreneurial heroes are celebrated at the center promoting a myth that all could be self made successes At the periphery entrepreneurs are struggling to survive often pushed into precarious working and living conditions Applying critical theory discourse this book illustrates how neoliberalism and entrepreneurship are intertwined and how the startup nation has evolved in Israel It explores how national neoliberal state policies have targeted technological innovation as a tool to obtain a competitive advantage in the international arena rather than aiming at increasing economic achievements and well being for all It will demonstrate that the Israeli entrepreneurship scene exemplifies the existence of parallel entrepreneurial societal spaces analyze the positionality of entrepreneurs belonging to a variety of groups that characterize Israeli society and uncover structural disadvantages and related levels of precarity as well as existing links between entrepreneurial advantages and disadvantages mobility and varying degrees of social marginality **Dark Sides of the Startup Nation** sheds light onto the problematic and sometimes contradictory myth that entrepreneurship is meritocratic and that neoliberal capitalism provides everyone with equal opportunities to succeed The book will be of interest to researchers academics policy makers and students in the fields of entrepreneurship and small business management responsibility and business ethics and technology and innovation
