Committee on Environment and Public Works, 2013 The Fairbanks Four Brian Patrick O'Donoghue, 2025-04-15

One murder, four guilty convictions, and a community determined to find justice. October 1997: Late one night in Fairbanks, Alaska, a passerby finds a teenager unconscious, collapsed on the edge of the road, beaten nearly beyond recognition. Two days later, he dies in the hospital. His name is John Gilbert Hartman, and he's just turned 15 years old. The police quickly arrest four suspects, all under the age of 21 and of Alaska Native and American Indian descent. Police lineup, witnesses, trials follow, and all four men receive lengthy prison terms. Case closed. But journalist Brian Patrick O'Donoghue can't put the story out of his mind. When the opportunity arises to teach a class on investigative reporting, he finally digs into what happened to the Fairbanks Four. A relentless search for the truth ensues as O'Donoghue and his students uncover the lies, deceit, and prejudice that put four innocent young men in jail. *The Fairbanks Four* is the gripping story of a brutal crime and its sprawling aftermath in the frigid Alaska landscape. It's a story of collective action as one journalist, his students, and the Fairbanks indigenous community challenge the verdicts. It's the story of a broken justice system and the effort required to keep hope alive. This is the story of the Fairbanks Four.

**FCC Record** United States. Federal Communications Commission, 2017  
**Tariff Schedules of the United States Annotated** United States, 1991 The Handbook of Complex Trauma and

Dissociation in Children Ana M. Gómez,Jillian Hosey,2025-03-31 The Handbook of Complex Trauma and Dissociation in Children Theory Research and Clinical Applications is a comprehensive and truly vital text for both experienced professionals and novice clinicians alike In these pages dozens of experts and pioneers thoroughly cover the complex nuances of theory assessment research and clinical practice Specific sections cover etiology neurobiology and various theoretical and conceptual models for working with the complexities of cumulative and chronic traumatization in childhood Additional sections cover standardized and non standardized assessment and diagnostic tools as well as the formulation and organization of the clinical interview with children and caregivers Other chapters provide systematic and comprehensive reviews of current treatment modalities and effective approaches for treating children with complex trauma and dissociation across different stages of early development The book s co editors bookend the volume with thorough explorations of the nuanced and multifaceted issues impacting children with complex trauma and dissociative symptoms and features

*Addressing Climate Change at the Community Level in the United States* Paul R. Lachapelle,Don E. Albrecht,2018-12-12 The concept of community in all its diverse definitions and manifestations provides a unique approach to learn more about how groups of individuals and organizations are addressing the challenges posed by climate change This new volume highlights specific cases of communities developing innovative approaches to climate mitigation and adaptation around the United States Defining community more comprehensively than just spatial geography to include also communities of interest identity and practice this book highlights how individuals and organizations are addressing the challenges posed by climate change through more resilient social processes government policies and sustainable practices Through close examinations of community efforts across the United States including agricultural stakeholder engagement and permaculture projects coastal communities and prolonged drought areas and university extension and local governments this book shows the influence of building individual and institutional capacity toward addressing climate change issues at the community level It will be useful to community development students scholars and practitioners learning to respond to unexpected shocks and address chronic stress associated with climate change and its impacts
