The Polaris Protocol Brad Taylor, 2020-08-06 You think you know your enemy. Until you don't. The Taskforce, a highly classified Special Forces unit, has been sent to investigate a Mexican drug cartel. Yet they uncover something more insidious than drug trafficking. The cartel has discovered a way to penetrate the GPS tracking system capable of putting the US on standstill. The system sends out false GPS signals enabling a user to manipulate everything from banking systems to cruise missiles. The Taskforce sends Pike Logan to infiltrate the cartel's inner circle. They must eliminate the impending threat before the cartel cripples the entire country. Praise for Brad Taylor: It's an excellent read and I greatly enjoyed it. Nelson DeMille Pike ranks right up there with Jason Bourne, Jack Reacher, and Jack Bauer. John Lescroart Logan is a tough appealing hero you're sure to root for. Ring of Fire Brad Taylor, 2017-12 Former Delta Force officer and New York Times bestselling author Brad Taylor delivers a relentlessly fast-paced gripping thriller featuring Taskforce operators Pike Logan and Jennifer Cahill as they come face to face with an insidious threat to strike terror into the heart of America. Fifteen years ago in order to win a contract in the Kingdom a desperate defense contractor used a shell company to provide a bribe to a wealthy Saudi businessman. Now a powerful player in the defense industry he panics when the Panama Papers burst onto the public scene. Providing insight into the illicit deeds of offshore financing they could prove his undoing. To prevent the exposure of his illegal activities he sets in motion a plan to interdict the next leak but he is not the only one worried about spilled secrets. The data theft has left the Taskforce potentially vulnerable leaving a trail that could compromise the unit. Back in the good graces of the new president Pike Logan and Jennifer Cahill are ordered to interdict the next leak as well in order to control the damage. Unbeknownst to either group the Saudi has been using the shell company to fund terrorists all over the world and he has a spectacular attack planned coinciding with the fifteenth anniversary of 9/11. The information Pike and Jennifer uncover will put them on the trail of the imminent threat but it's one that they might be unable to stop. Called Ring of Fire it will cause unimaginable destruction across the United States and it's already in motion. Pike Logan will be challenged like never before and the ensuing chaos and terror will distract the Taskforce from a truth no one sees. The Panama Papers hold a secret more explosive than any attack and Ring of Fire was only the beginning. The danger is far from over. cProvided by publisher
