The Readings of the Paul Solomon Source Is it possible that he who would care for truth would face words of truth without recognition It has been given in your Scripture I will bring to your remembrance all things whatsoever you have need of from the foundations of the Earth It is no accident that these are called remembrances for if truth had not been born within if it had not come with you from the beginning of time if you were not the spark of God then how would you recognize truth if it came The recognition comes from memory the recognition comes from knowledge of that which truth is There shall be nothing spoken that you would recognize as truth that you have not already known What we are attempting to say in this moment is that you would accept and follow that advice that rings true within your own heart that you recognize as truth for there shall be nothing spoken from these lips that will not produce an effect within your own heart as realization of truth for those things that we would speak are channeled from your own heart and those records that have been brought are written within yourself and on the tablets of your own heart Reading 1054 These are the words of Paul Solomon one of the most influential spiritual teachers of our time Internationally known as a teacher prophet healer minister and humanitarian Paul Solomon made contact with his Super conscious Mind after experiencing a dark night of the soul Paul Solomon could view the body at a distance make accurate diagnosis and suggest treatment that saved lives During his lifetime he gave over 1 400 readings on topics such as Soul Growth Ancient Mystery Traditions and Arcane Knowledge Sacred Scripture Qabalah and Universal Law Answers to almost every conceivable subject are available through The Paul Solomon Source Readings and lectures His gift of being able to communicate clearly the essence of universal principles both ancient and modern has inspired people all over the world to find their uniqueness thus re membering their own connection to Source The Source Readings impressive as they are are only a means of revealing what lies beyond the words and beyond the wisdom They are great only if they give you a glimpse of their Source If they cause you to see the Source then they have succeeded If they cause the Source to be awakened within you then they ve really done what they are supposed to do Paul Solomon This sixth book is comprised of the readings that Paul gave during the period of September 1983 July 12 1977 Mary Siobhan McGibbon grew up in Belfast Northern Ireland A life long researcher and student of spirituality she is the editor of The Readings of the Paul Solomon Source Books and The Solomon Keys a collection of sayings from the work of Paul Solomon that have given meaning and purpose to her life and inspiration to others She now lives in Ireland The Paul Solomon Foundation [www PaulSolomon.com](http://www.PaulSolomon.com)

Bulletin [1908-23] Boston Public Library,1912 The Readings of the Paul Solomon Source Book 7 Paul Solomon,2013-06-25 The Readings of the Paul Solomon Source We tested this source of information in several ways The brain wave rhythm during communication was established to be at delta level brain waves one to three cycles per second comparable to total anesthesia On many occasions questions were asked that I could not consciously know the answer to and the answers were verified We tested the use of the Source for medical diagnosis and in more than 1 500 instances never found an error Even when the diagnosis of the readings disagreed with conventional diagnosis the Source was later proved to be correct I am not attempting to convince anyone that I have unusual powers I am simply suggesting that there is a source of information that is superior to the Conscious Mind I believe that it is available to any person who will overcome the egotistical assumption that his sensory conscious process is his best source of information In fact if you research the greatest discoveries in history you will find that they all have come through the use of the intuitive and inspirational process I am not gifted I simply got desperate enough to recognize that my usual thinking process was inadequate for my needs and in my desperation called upon something greater to supply answers And it did Paul Solomon These are the words of Paul Solomon
