Memoirs from the Veil Ronald W. Lawrence, 2018-10-10 Spirit in Everyday Life Ronald W Lawrence began his career as a psychotherapist in 1988 Over the years he was gifted with a patient population that openly and willingly shared their spiritual and otherworldly experience that pierced the veil between this dimension and the next He made notes and saved memories regarding their experiences and also remembered some of his own Life can have a trans dimensional nature There can be more than one possibility He noticed similar themes and subject matter and was amazed at the consistency of the narratives in a group of people who did not know one another or have interpersonal contact His disappointment is that in psychology professions there is very little latitude and validation for such experiences in the human population The professions themselves mostly reflect the possibility of one answer that is usually embodied in a diagnosis Over the years it has become clear to Ronald that life can have a transdimensional nature There can be more than one possibility *Paul Dirac* Abraham Pais, Maurice Jacob, David I.
