Constellation Adrien Bosc,2016-05-10 This best selling debut novel from one of France's most exciting young writers is based on the true story of the 1949 disappearance of Air France's Lockheed Constellation and its famous passengers On October 27 1949 Air France's new plane the Constellation launched by the extravagant Howard Hughes welcomed thirty eight passengers aboard On October 28 no longer responding to air traffic controllers the plane disappeared while trying to land on the island of Santa Maria in the Azores No one survived The question Adrien Bosc's novel asks is not so much how but why What were the series of tiny incidents that in sequence propelled the plane toward Redondo Mountain And who were the passengers As we recognize Marcel Cerdan the famous boxer and lover of Edith Piaf and we remember the musical prodigy Ginette Neveu whose tattered violin would be found years later the author ties together their destinies Hear the dead write their small legend and offer to these thirty eight men and women like so many constellations a life and a story

Anniversaries, Volume 1 Uwe Johnson,2021-07-27 The first volume of a titanic masterpiece of twentieth century literature named one of the best books of 2018 by The New York Times critics Published to great acclaim as a two part boxed set in 2018 Anniversaries is now available as two individual volumes It is August 1967 and Gesine Cresspahl born in Germany the year that Hitler came to power a survivor of war of Soviet occupation and of East German Communism has been living with her ten year old daughter Marie in New York City for six years Mother and daughter find themselves caught up in the countless stories of the world around them stories of work and

school and their neighborhood with its shifting and varied cast of characters as well as the stories that Gesine reads in The New York Times every day about Che Guevara racial violence the war in Vietnam and the US elections to come Now with Marie growing up Gesine has decided to tell her daughter the story of her own childhood in a small north German town in the 1930s and 40s Amid memories of Germany's criminal and disastrous past and the daily barrage of news from a world in disarray Gesine conscientious self scrutinizing with a sharp sense of humor struggles to describe what she has learned over the years and what she hopes to pass on to Marie Marie articulate quizzical with a perspective that is very much her own has plenty of questions too Uwe Johnson's intimate portrait of a mother and daughter is also a panorama of past and present history and the world at large Comparable in richness of invention and depth of feeling to Joyce's Ulysses and Proust's In Search of Lost Time Anniversaries is one of the world's great novels Anniversaries (Boxed Set) Uwe Johnson, 2018-10-16

A landmark of 20th Century literature about New York in the late 1960s now in English for the first time As a novel Uwe Johnson's masterpiece Anniversaries is at once daringly simple in conception and wonderfully complex and engaging in effect Late in 1967 Johnson already one of the most celebrated German novelists of his generation set out to write a book that would take the form of an entry for every day of the year that lay ahead The first section was dated August 20 and Johnson had of course no idea what the year would bring that was part of the challenge but he did have his main character Gesine Cresspahl a German emigre living on the Upper West Side of New York City and working as a translator for a bank who is the single mother of a ten year old daughter Marie The book would tell the story of a year in the life of this little family in relation to the unfolding story of the year as winnowed from the pages of the New York Times of which Gesine is a devoted if wary reader These stories would in turn be overlaid by another Gesine is 34 born just as Hitler was coming to power and she has decided to tell Marie the story of her grandparents lives and of her own rural childhood in Nazi Germany It is important that Marie know where and what she comes from The days of the year are also anniversaries of years past The world that was and the world of the 1960s with the struggle for civil rights leading to riots in American cities and abroad the escalating destruction of the Vietnam War are in the end one world Anniversaries was published in four volumes over the more than ten years that it took Johnson to write it and as the volumes came out it became clear that this was one the great twentieth century novels The book courts comparison to Joyce's Ulysses the book of a day and to Proust's In Search of Lost Time the book of a lifetime but it stands apart in its dense polyphonic interplay of voices and stories Anniversaries is many books the book of a mother and daughter of a family and its generations of the country and the city and of two times and two countries that seem farther apart perhaps than they are It is a novel of private life a political novel and a new kind of historical novel reckoning not only with past history but with history in the making Monumental and intimate sweeping in vision and full of incident richly detailed and endlessly absorbing Anniversaries now for the first time available in English in a brilliant new translation by Damion Searls is nothing short of a revelation **The Girls of Heatherly Hall** Julie Houston, 2023-07-06 Pre
