Disability Discrimination Laura William, Susan Corby, Birgit Pauksztat, 2025-01-27 Research shows that when accessing and retaining work and when seeking promotion disabled people often face discrimination and disadvantage that can be unlawful. Obtaining a remedy is no easy matter as although access to justice and a fair public hearing are key human rights disabled claimants often face barriers in Employment Tribunals. Using a unique and bespoke dataset this book examines the factors that determine the outcome of these cases in British Employment Tribunals. These factors include the impact of case and claimant characteristics, the effect of public sector employment, what happens to disability discrimination claims when they contain claims for other types of discrimination such as race discrimination, and the distinctiveness of a claim for a failure to make a reasonable adjustment. The book concludes by proposing reforms to the legal system, government policy, and wider social change, along with suggestions for future research. It will be of great interest to scholars and students of disability discrimination as well as the broader fields of employment relations, EDI, HRM, and labour studies.

Disability Advocacy Among Religious Organizations Albert Herzog, 2012-11-12 Gain insight into the importance of advocacy for the disabled within various religious and secular organizations. You shall love your neighbor as yourself, Romans 13:9. Through the years religious organizations have worked to fulfill this biblical mandate. *Disability Advocacy Among Religious Organizations: Histories and Reflections* chronicles the progress of different ministries' advocacy for the disabled since 1950 as they worked toward fulfilling this mission. This enlightening history of several religious organizations' efforts charts the trends in advocacy while offering readers insight into ways to assist people with disabilities both within religious organizations and in society. Issues are explored by drawing upon numerous documents, communications, and in-depth reviews of the advocates' work. This book draws together in a single volume the stories of various religious organizations and their struggles to advocate for the disabled. Because of society's tendency to isolate and fear them, special needs individuals such as the mentally and physically disabled have long found it difficult to be accepted, understood, or to receive proper care. However, ministries strive to be advocates for all of their members and their needs, including education, treatment, and appropriate legislation. *Disability Advocacy Among Religious Organizations: Histories and Reflections* recounts the steps organizations have taken to focus on ending isolation and fear through inclusion and appropriate care of members with various disabilities. These historical accounts examine the depth, breadth, and ongoing need for disability advocacy in religious organizations. *Disability Advocacy Among Religious Organizations: Histories and Reflections* discusses the advocacy backgrounds of the World Council of Churches, the National Council of Churches, National Catholic Partnership on Disability, National Apostolate for Inclusion Ministry, American mainline Protestant denominations, the American Baptist Convention, Disciples of Christ, the Episcopal Church, the Evangelical Lutheran Church in America, the Presbyterian Church USA, the United Methodist Church, and the United Church of Christ, the Christian Reformed Church, American Association on Mental Retardation (AAMR), Religion and Spirituality Division, Bethesda Lutheran Homes and Services Inc., the Christian Council on Persons with Disabilities (CCPD).
