company where leaps of the imagination were combined with remarkable feats of engineering Although Jobs cooperated with the author he asked for no control over what was written He put nothing off limits He encouraged the people he knew to speak honestly And Jobs speaks candidly sometimes brutally so about the people he worked with and competed against His friends foes and colleagues provide an unvarnished view of the passions perfectionism obsessions artistry devilry and compulsion for control that shaped his approach to business and the innovative products that resulted Driven by demons Jobs could drive those around him to fury and despair But his personality and products were interrelated just as Apple s hardware and software tended to be as if part of an integrated system His tale is instructive and cautionary filled with lessons about innovation character leadership and values Steve Jobs is the inspiration for the movie of the same name starring Michael Fassbender Kate Winslet Seth Rogen and Jeff Daniels directed by Danny Boyle with a screenplay by Aaron Sorkin

Age of Ambition: Chasing Fortune, Truth, and Faith in the New China Evan Osnos, 2014-05-13 Pulitzer Prize in General Nonfiction finalist Winner of the 2014 National Book Award in nonfiction An Economist Best Book of 2014 Winner of the bronze medal for the Council on Foreign Relations 2015 Arthur Ross Book Award A vibrant colorful and revelatory inner history of China during a moment of profound transformation From abroad we often see China as a caricature a nation of pragmatic plutocrats and ruthlessly dedicated students destined to rule the global economy or an addled Goliath riddled with corruption and on the edge of stagnation What we don t see is how both powerful and ordinary people are remaking their lives as their country dramatically changes As the Beijing correspondent for The New Yorker Evan Osnos was on the ground in China for years witness to profound political economic and cultural upheaval In Age of Ambition he describes the greatest collision taking place in that country the clash between the rise of the individual and the Communist Party s struggle to retain control He asks probing questions Why does a government with more success lifting people from poverty than any civilization in history choose to put strict restraints on freedom of expression Why do millions

of young Chinese professionals fluent in English and devoted to Western pop culture consider themselves angry youth dedicated to resisting the West's influence. How are Chinese from all strata finding meaning after two decades of the relentless pursuit of wealth? Writing with great narrative verve and a keen sense of irony, Osnos follows the moving stories of everyday people and reveals life in the new China to be a battleground between aspiration and authoritarianism in which only one can prevail.

The Four Lives of Steve Jobs Daniel Ichbiah, 2020-02-09. The Four Lives of Steve Jobs by Daniel Ichbiah. No. 1 on the best sellers list in August 2011. French version. New edition updated in 2016. So at thirty I was out. And very publicly out. What had been the focus of my entire adult life was gone and it was devastating. I didn't see it then but it turned out that getting fired from Apple was the best thing that could have ever happened to me. This was Steve Jobs' confession on that morning in June 2005 to students at Stanford University. It summed up the growth that was slowly taking place in him. Chased out of Apple like scum in 1985, Jobs had made a resounding comeback ten years later and gave us devices that left a mark on their time such as the iPod, iPhone, and iPad. The world's most admired CEO, Steve Jobs, mostly went against the tide, driven by a vision of genius and an extraordinary strength of conviction. However, he could also get it wrong; he was the one who nearly ruined Apple in 1984 after launching the Macintosh by insisting on poor technical choices. The 4 lives of Steve Jobs depicts Jobs' troubled youth, his rise to glory following the founding of Apple, his disgrace, and his vain attempt at revenge followed by a return to the top. It also reveals a thousand unexpected facets of the extraordinary artist who ran Apple: His quest for enlightenment in India, His initial refusal to recognize the paternity of his daughter Lisa, His relationship with folk singer Joan Baez, The search for his mother who abandoned him at birth, The attempt to treat his cancer with a vegetarian diet. In his own way, Steve Jobs never stopped wanting to change the world to change life. A best seller. Published by Leduc Editions in April 2011, the French version of *The Four Lives of Steve Jobs* was a number one best seller at the end of August 2011.

Genius After Psychoanalysis K. Daniel Cho, 2024-10-17 Develops a new psychoanalytic theory of genius a concept that is often invoked and pervasive in popular culture but which is rarely scrutinized in depth In the absence of this scrutiny genius has come to be understood as exceptional talent or intelligence an elitist notion Genius After Psychoanalysis intervenes in this debate by offering a new account of genius Drawing on the work of Sigmund Freud and Jacques Lacan K Daniel Cho argues that genius is not exceptional talent or intelligence but is related to and illuminated by the psychological concept of sublimation where the unpleasures that arise when our intellectual products fail become themselves pleasurable Beginning with a close examination of Freud's work on Leonardo da Vinci Cho analyzes film art our relationship to nature politics group psychology love and philosophy to demonstrate that genius far from an elitist notion is universally available through a different approach to ideas of imperfection disappointment and failure Genius After Psychoanalysis is a bold new intervention on a culturally central but understudied topic

Dylan and the Spheres of Existence Christopher B. Barnett, 2023-03-20 Bob Dylan and the Spheres of Existence shows that existential questions lie at the heart of Bob Dylan's songwriting a point that will be developed with the help of renowned Danish philosopher Søren Kierkegaard One of the focal points of Kierkegaard's authorship is the journey towards authentic selfhood Famously he thematizes this journey in terms of existential spheres the aesthetic the ethical and the religious Whereas the aesthetic involves a preference for immediacy the ethical has to do with achieving a sense of personal identity by way of living for enduring commitments and values Yet higher than both of these stages is the religious which initially concerns the immanent human quest for eternal life but for Kierkegaard ultimately comes to rest in God's transcendent self revelation in Jesus Christ This book argues that Kierkegaard's theory can help us deepen our understanding of and relation to Dylan's art Just as Kierkegaard presupposes existential movement and transformation so is Dylan celebrated for his shifting personae and philosophical variance But this is not mere aesthetic dabbling on Dylan's part On the contrary his diverse masks and voices encourage his audience to engage the worldview being presented albeit in such a way that religious

faith is identified as humanity's source of ultimate meaning
