	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space programs and rockets?	That U.S. support them economically (training, fuel, etc.)	Not really.
2. Would anyone benefit from the rockets and satellites they could build?	They would certainly produce satellites that were better. They could improve delivery of aid.	They might develop better in case of emergencies, but they didn't know enough about them. They didn't know enough about, planned against the removal of German (Soviet) missiles from
3. Would anyone disagree with this?	Not really.	Some people in Europe wanted more independence and also missiles.
4. Would the U.S. believe what the Soviet Union said?	Not till governments had no more secrets.	Not because people were suspicious and would not take in information like this.

What would be the main reason for this?

It might be that the weapons were really bad.

It would be because the governments the weapons were made
