Used And Confused Two First Time Gay Stories:

Sharing Our Stories of Survival Sarah Deer, Bonnie Clairmont, Carrie A. Martell, 2008 A general introduction to the social and legal issues involved in acts of violence against Native women this book's contributors are lawyers social workers social scientists writers poets and victims In the U S Native women are more likely than women from any other group to suffer violence from rape and battery to more subtle forms of abuse and *Sharing Our Stories of Survival* explores the causes and consequences of such behavior The stories and case studies presented here are often painful and raw and the statistics are overwhelmingly grim but a countervailing theme also runs through this extremely informative volume Many of the women who appear in these pages are survivors often strengthened by their travails and the violence examined here is human violence meaning that it can be changed if only with much effort and education The first step is to lay out the truth for all to see and that is the purpose accomplished by this book The Columbia Reader on Lesbians and Gay Men in Media, Society, and Politics Larry P.
