World Vision Security Manual:

World Vision Security Manual Brian Sytsma, 1999-01-01 A safety manual this designed to help create a complete personnel safety policy for international aid workers and missionaries Reordering Security Ian Loader, Sarah Percy, 2017-10-02 Traditional security distinctions are being rapidly eroded Lines drawn between war and crime are blurring with fateful consequences for divisions between militaries and police forces The assumption that security should be a publicly provided good has been challenged by private security providers both domestic and international Security is no longer if it ever was divided between what goes on inside one state and what occurs between states However our disciplinary tools for examining these security challenges remain resolutely focused on either the domestic or the international This book makes one of the first attempts to examine security from both perspectives bringing together and into much needed conversation the fields of criminology and international relations This book was originally published as a special issue of Global Crime

Humanitarian NGOs, (In)Security and Identity Andrea Schneiker, 2016-03-09 Increasingly humanitarian NGOs operate in the context of armed conflicts where the security risks are higher than in contexts of natural disaster Working in Afghanistan Somalia Sudan South Sudan Pakistan and Sri Lanka is particularly dangerous for humanitarians This existential threat affects the physical existence of aid workers and the implementation of humanitarian programs and the core beliefs of humanitarians and the underlying principles of humanitarian action For NGOs it is difficult to accept that they are attacked despite their good intentions sometimes even by the very communities they seek to help For these reasons humanitarian NGOs have to change their approaches to security by not only adapting their policies procedures and structures to the changing environment but also reviewing the underlying principles of their work This book contributes to debates by demonstrating how issues of in security affect humanitarian NGOs and the humanitarian identity situating the structural changes within the humanitarian NGO community in the context of conflict aid governance and explains how non state actors establish their own governance structures independent from state sponsored solutions and contributes to the emerging literature on the redefinition of the concept of epistemic communities **Safety First** Shaun Bickley, 2010 Aid work has always been a hazardous profession But now the dangers appear to be increasing Safety First makes aid workers aware of the risks they may encounter while working in the field and what they can do to minimise them Through God's Eyes (Revised Edition) Patrick O. Cate, 2012-06-27 This newly revised classic workbook features updated resources to help readers better understand the needs and growth of missions today It also includes revised questions and suggestions for further reading for deeper reflection and understanding Through God s Eyes is an invaluable resource for those seeking to investigate God s passion for His world This study guide is designed to bring us into the Word personally help us discover inductively what God is saying and gain a better sense of His direction for our lives Through God s Eyes can function as a personal Bible study or as part of an introduction to missions or a biblical theology of missions course for a small group

Avant, 2005-07-25 The legitimate use of force is generally presumed to be the realm of the state However the flourishing role of the private sector in security over the last twenty years has brought this into question In this book Deborah Avant examines the privatization of security and its impact on the control of force She describes the growth of private security companies explains how the industry

Serving Jesus with Integrity Dwight P. Baker, Douglas Hayward, 2010-06-28 The word ethics carries an aura of countervailing views overlapping claims uncertain footing and seductive attractions Some issues are as clear as the horizontal versus vertical axes in Sawai Chinnawong's striking painting Joseph and Potiphar's Wife that graces the cover of this book At the same time because we are involved because our interests our inclinations our plans and relationships are at stake the issues that engage missionary practitioners can be frustratingly labyrinthine curling endlessly back on themselves Evangelical missionaries and mission agencies are concerned about personal morality and rightly so But as the chapters in this volume attest evangelical mission's ethical engagement extends far beyond simply avoiding compromising sexual situations and not absconding with the finances How should we talk about others beliefs and practices to ourselves To them How should we represent ourselves to others What role does tolerance for ambiguity play in missionaries mental preparation How should accountability be structured in intercultural partnerships Are there ways to enable organizational justice to flourish in mission institutions What might integrity in short term mission outreach look like How does care for creation relate to mission What role can a code of ethics for missionary practice play Limited and fallible and marred by the fall we need both guidance and admonition and deep reflection on the conduct of evangelical mission such as is provided in this volume so that we may serve Jesus with true integrity
