and Exchanges in Eurasian Late Antiquity Nicola Di Cosmo, Michael Maas, 2018-04-26 **Empires and Exchanges in Eurasian Late Antiquity** offers an integrated picture of Rome China Iran and the Steppes during a formative period of world history In the half millennium between 250 and 750 CE settled empires underwent deep structural changes while various

nomadic peoples of the steppes Huns Avars Turks and others experienced significant interactions and movements that changed their societies cultures and economies This was a transformational era a time when Roman Persian and Chinese monarchs were mutually aware of court practices and when Christians and Buddhists criss crossed the Eurasian lands together with merchants and armies It was a time of greater circulation of ideas as well as material goods This volume provides a conceptual frame for locating these developments in the same space and time Without arguing for uniformity it illuminates the interconnections and networks that tied countless local cultural expressions to far reaching inter regional ones

Paradise Lost and the Rise of the Novel Branko Marijanović,2022-08-17 This book claims that Paradise Lost contains all the traits of the great epics as well as the predominant characteristics of early modern novels and that every history of the novel should acknowledge Milton s unintentional contribution to the development of the genre Milton s Satan is presented as a novelistic character par excellence preceding memorable literary characters of novelistic provenance like Dostoyevsky s Raskolnikov Shelley s monster or Kafka s beetle In addition this book proves that all the elements of modernity like capitalism science all pervasive doubt the absence of unquestionable ideals radical individualism and the insatiable desire for self realization and incessant advancement are inherent to both Paradise Lost and Satan s character Just like a fully developed novelistic character and unlike any epic character in history Satan constantly surprises us by failing exceeding or simply contradicting our expectations As such the book demonstrates that Satan shares more common points with the likes of Tom Jones Moll Flanders or Lovelace than with the traditional epic heroes like Achilles or Aeneas proving that the novel as a genre owes an immense debt to Milton s grand epic and that Satan may be perceived as a precursor of the great novelistic characters

Routledge Handbook of Humanitarian Communication Lilie Chouliaraki, Anne Vestergaard, 2021-09-30

The Routledge Handbook of Humanitarian Communication is an authoritative and comprehensive guide to research in the academic sub field of humanitarian communication. It is broadly focused on communication that presents human vulnerability as a cause for public concern and encompasses communication with respect to humanitarian aid and development as well as human rights and humanitarian wars. Recent years have seen the expansion of critical scholarship on humanitarian communication across a range of academic fields sharing recognition of the centrality of media and communications to our understanding of humanitarianism as an agent of transnational power, global governance and cosmopolitan solidarity. The Handbook brings into dialogue these diverse fields, their theoretical frameworks and methodological approaches as well as the public debates that lie at the heart of the contemporary politics of humanitarianism. It consolidates existing knowledge and maps out this emerging field as an important site of interdisciplinary knowledge production on media communication and humanitarianism. As such, the Handbook is not simply a collection of texts sharing a similar theme. It is a coherent intellectual contribution which systematizes current critical scholarship in terms of Domains, Methods and Issues and sets an agenda of emerging and evolving research priorities in the field. Consisting of 26 chapters written by international scholars who have contributed to laying the foundation of the field, this volume provides an essential guide to the key ideas, issues, concepts and debates of humanitarian communication.

Innovation In China: A Strategic Management Casebook

Hugh Thomas, 2022-04-08

Innovation has shaped society since civilization began. Imperial China was the most innovative society on earth but it failed to join the 19th century industrial revolution. In the 20th century the Communist Party of China addressed that failure. Today China boasts an internationally compliant, rapidly developing IP system. State planning continues to be critical as the case of the largest single technology acquisition and infrastructure project in world history: high speed rail demonstrates. But most of the innovation in China comes from the private sector; government incubators are among the government stimuli of private initiative, both local and global. And as the case on Cisco shows, foreign MNCs' management of innovation in China is attractive but must involve co-ordination with government policy. This book presents cases where managers determine policy in China's increasingly innovative society. Readers take the roles of decision makers to make strategy decisions. The cases in this volume showcase China's traditional three teachings, socialist market institutions and modern management using studies on current Chinese companies and their leaders, among them big names such as Haier and Huawei. Each case stands alone as teaching material for instructors. Taken together, the book presents evolving models of innovation. Their subtle differences from western constructs critically impact the development of our global society.
