steady reliable foundation From Berlin to Baghdad incisively dissects the numerous unsuccessful attempts to devise a new grand foreign policy strategy that could match the moral clarity and political efficacy of containment Brands takes a fresh look at the key events and players in recent American history In the 1990s George H W Bush envisioned the United States as the guardian of a new world order and the Clinton administration sought the enlargement of America s political and economic influence However both presidents eventually came to accept albeit grudgingly that America s multifaceted roles responsibilities and objectives could not be reduced to a single fundamental principle During the early years of the George W Bush administration it appeared that the tragedies of 9 11 and the subsequent war on terror would provide the organizing principle lacking in U S foreign policy since the containment of communism became an outdated notion For a time most Americans were united in support of Bush s foreign policies and the military incursions into Afghanistan and Iraq As the swift invasions became grinding occupations however popular support for Bush s policies waned and the rubric of the war on terror lost much of its political and rhetorical cachet From Berlin to Baghdad charts the often onerous course of recent American foreign policy from the triumph of the fall of the Berlin Wall to the tragedies of 9 11 and beyond analyzing the nation s search for purpose in the face of the daunting complexities of the post Cold War world

Beyond Piggly Wiggly Lisa C. Tolbert, 2023-08 Patented in 1917 Piggly Wiggly was by far the most influential self service store of the early twentieth century Before 1940 it was the only self service chain with a national distribution network but it was neither the first nor the only version Beyond Piggly Wiggly reveals the importance of Piggly Wiggly in the invention of self service and goes beyond the history of a single firm to explore the role of small business entrepreneurs who invented the first self service stores in a grassroots social process During the 1920s and 1930s a minority of enterprising grocers experimented with a wide variety of sometimes wacky design ideas for automating shopping They created specialized stores designed as enclosed retail systems that went far beyond open display techniques to construct unique physical and psychological advantages for automating salesmanship Beyond Piggly Wiggly offers the first perspective on the national scale of experimentation and connects the southern Jim Crow origins of self service to the national history of this mass retailing method Empirical analysis of store arrangements demonstrates how small stores that have previously been overlooked or undervalued as quaint anomalies were integral to the creation of supermarkets Ultimately self service was more than a business decision it was a fundamentally new social practice

Beyond Bakelite Joris Mercelis, 2020-03-24 The changing relationships between science and industry in the late nineteenth and early twentieth centuries illustrated by the career of the father of plastics The Belgian born American chemist inventor and entrepreneur Leo Baekeland 1863 1944 is best known for his invention of the first synthetic plastic his near namesake Bakelite which had applications ranging from electrical insulators to Art Deco jewelry Toward the end of his career Baekeland was called the father of plastics given credit for the establishment of a sector to which many other researchers inventors and firms inside and outside the United States had also made significant

contributions In *Beyond Bakelite* Joris Mercelis examines Baekeland's career using it as a lens through which to view the changing relationships between science and industry on both sides of the Atlantic in the late nineteenth and early twentieth centuries He gives special attention to the intellectual property strategies and scientific entrepreneurship of the period making clear their relevance to contemporary concerns Mercelis describes the growth of what he terms the science industry nexus and the developing interdependence of science and industry After examining Baekeland's emergence as a pragmatic innovator and leader in scientific circles Mercelis analyzes Baekeland's international and domestic IP strategies and his efforts to reform the US patent system his dual roles as scientist and industrialist the importance of theoretical knowledge to the science industry nexus and the American Bakelite companies research and development practices technically oriented sales approach and remuneration schemes Mercelis argues that the expansion and transformation of the science industry nexus shaped the careers and legacies of Baekeland and many of his contemporaries *Beyond Normandy: Rommel's*

Communications G. W. Andrew, Sidney John Duly, 1924 **Dostoevsky in the Arts and Beyond** Olga

Tabachinkova, Liudmila Saraskina, Galima Lukina, Ekaterina Salnikova, 2024-08-30 The book is a substantial contribution to international Dostoevsky research exploring Dostoevsky's contemporary relevance from a multicultural and multidisciplinary perspective. It offers some fresh readings of Dostoevsky's texts presenting new complex studies on the writer and his works in the mirror of several arts of the last three decades. The book is divided into three Parts featuring researchers from Bulgaria, Great Britain, Russia, and Ukraine. Part One deals with conceptual issues treating Dostoevsky above all as a prophet and philosopher and thus determines the ideological system of coordinates for the studies presented in the rest of the book. Part Two examines Dostoevsky's legacy through the lenses of literary theory, music, and illustration art, and Part Three via world cinema and theatre. The volume has gathered together an array of original and innovative studies from world-leading experts in Dostoevsky's creative universe to make an authoritative input into the field.
